Make plans now to join us in San Diego at the premier educational and networking event of the year for all plastic surgeons, associates, support professionals and office staff. PSTM19 brings together the best and brightest in our specialty from more than 70 countries. PSTM19 is bigger and better than ever! Register now to make sure you and your team don’t miss out!

PlasticSurgeyTheMeeting.com
The tissue expander with over 30 years of clinical experience is now available in a smooth surface.²

**INDICATIONS**

Natrelle® 133S, 133 Plus, and 133 Tissue Expanders With MAGNA-SITE® Injection Sites are indicated for:

- Breast reconstruction following mastectomy.
- Treatment of underdeveloped breasts.
- Treatment of soft tissue deformities.

**CONTRAINDICATIONS**

- Treatment of underdeveloped breasts.
- Treatment of soft tissue deformities.
- **Who are psychologically unsuitable.**
- **Whose physiological condition (eg, sensitive over- or underlying anatomy, obesity, smoking, diabetes, autoimmune disease, hypertension, chronic lung or severe cardiovascular disease, or osteogenesis imperfecta) or use of certain drugs (including those that interfere with blood clotting or affect tissue viability) poses an unduly high risk of surgical and/or postoperative complications.**
- **Who are psychologically unsuitable.**

**WARNINGS**

- **DO NOT** use Natrelle® 133S, 133 Plus, and 133 Tissue Expanders in patients who already have implanted devices that would be affected by a magnetic field (see Contraindications). Because the MAGNA-SITE® integrated injection site contains a strong rare-earth, permanent magnet, magnetic testing with Magnetic Resonance Imaging (MRI) is contraindicated in patients with Natrelle® 133S, 133 Plus, and 133 Tissue Expanders in place.
- **DO NOT** alter the tissue expander or use adulterated fill. Fill only with sterile saline for injection as described in INSTRUCTIONS FOR USE. **DO NOT** reprocess to contaminants.

For more information, visit NatrelleSurgeon.com

**Injection Sites Important Information**

- Natrelle® 133S, 133 Plus, and 133 Tissue Expanders IMPORTANT SAFETY INFORMATION (continued)
- ADVERSE EVENTS

“The Meeting for Everyone” heads to San Diego in September

We are excited to invite you to Plastic Surgery The Meeting 2019! San Diego is known for its spectacular beaches, beautiful weather and vast array of social activities. Just like PSTM19, this city has something for everyone!

First and foremost, we are excited to share that “The Meeting With More” has gotten even bigger this year. We’re pleased to formally welcome the American Society of Plastic Surgery Professionals (ASPSP) and The Rhinoplasty Society (TRS) as PSTM partners. PSTM now serves as the official annual meeting for ASPSP, the society for plastic surgery office professionals. ASPSP has worked together with this year’s annual meeting committee to design programming that will benefit your entire office, leading to higher patient satisfaction and more efficient practices! TRS, while always a vital pre-conference partner, has brought its expertise to the rhinoplasty programming that is included as part of the PSTM19 registration fee. TRS will now be hosting a full day of rhinoplasty education as part of PSTM19 on Friday. That’s right – we have a full day of educational programming on Friday!

Here are some other things you can look forward to at PSTM19:

- FOUR FULL DAYS (Friday through Monday) of education including more than 210 sessions covering aesthetic, reconstructive, practice management, wellness and research and innovation topics
- A jam-packed exhibit hall with the latest products and services you need for your practice
- Networking receptions, luncheons and events to help you connect with friends and colleagues
- Opening Ceremonies and Welcome Reception will take advantage of the beautiful San Diego weather, views of the gorgeous bay and a feel-good musical performance. Trust us … we will rock you!

That’s just the overview. As you review this brochure, you’ll discover the broad range of education available this year, which includes 150 hours of select Plastic Surgery The Meeting On-Demand recordings for attendees. Additional activities this year include a San Diego Padres baseball game, the International Reception on the USS Midway, and don’t forget to lace up for our annual Close the Loop 5K to support Breast Reconstruction Awareness.

PSTM19 brings together the best and the brightest surgeons in the specialty, poised to share their expertise with colleagues who arrive from more than 70 countries around the globe. It is the premier educational and networking event of the year, for both domestic and international plastic surgeons and their teams. We look forward to seeing you in San Diego!
Submit Your Case For Presentation!

Answer one (or more) of these calls to membership for PSTM19 session presenters.

1. My Best Breast Idea
   8 to 9 a.m., Saturday, Sept. 21

2. Facial Trauma:
   My Greatest Complication
   9 to 10 a.m., Sunday, Sept. 22

Be part of PSTM19 and share your expertise!

MENTOR® MemoryGel® Breast Implants, MENTOR® MemoryShape® Breast Implants, and MENTOR® Saline-filled Breast Implants are indicated for breast augmentation in women (at least 22 years old for MemoryGel® Implants and MemoryShape® Implants, and 18 years old for Saline Implants) or for breast reconstruction. Breast implant surgery should not be performed in women with active infection anywhere in their body, with existing cancer or pre-cancer of their breast who have not received adequate treatment for those conditions, or who are currently pregnant or nursing.

Breast implants are not lifetime devices and breast implantation may not be a one-time surgery. The most common complications for breast augmentation and reconstruction with MemoryGel® Implants include any reoperation, capsular contracture, and implant removal with or without replacement. The most common complications with MemoryShape® Implants for breast augmentation include reoperation for any reason, implant removal with or without replacement, and ptosis. The most common complications with MemoryShape® Implants for breast reconstruction include reoperation for any reason, implant removal with or without replacement, and capsular contracture. A lower risk of complication is rupture. The health consequences of a ruptured silicone gel breast implant have not been fully established. MRI screenings are recommended three years after initial implant surgery and then every two years after to detect silent rupture. The most common complications with MENTOR® Saline-filled Implants include reoperation, implant removal, capsular contracture, breast pain, and implant deflation. For MemoryGel® Implants, patients should receive a copy of Important Information for Augmentation Patients about MENTOR® MemoryGel® Breast Implants or Important Information for Reconstruction Patients about MENTOR® MemoryGel® Breast Implants. For MemoryShape® Implants, patients should receive a copy of Patient Educational Brochure – Breast Augmentation with MENTOR® MemoryShape® Breast Implants or Patient Educational Brochure – Breast Reconstruction with MENTOR® MemoryShape® Breast Implants. For MENTOR® Saline-filled Implants, patients should receive a copy of Saline-Filled Breast Implants: Making an Informed Decision.

Your patient needs to read and understand the information regarding the risks and benefits of breast implants, with an opportunity to consult with you prior to deciding on surgery. The ARTOURA™ Breast Tissue Expander or CONTOUR PROFILE™ Breast Tissue Expander can be utilized for breast reconstruction after mastectomy, correction of an underdeveloped breast, scar revision, and tissue defect procedures. The expander is intended for temporary subcutaneous or submuscular implantation and is not intended for use beyond six months. Do not use the ARTOURA™ Tissue Expander nor CONTOUR PROFILE™ Tissue Expander in patients where an MRI may be needed. The device could be moved by the MRI causing pain or displacement, potentially resulting in a revision surgery. The incidence of extrusion of the expander has been shown to increase when the expander has been placed in injured areas. For detailed indications, contraindications, warnings, and precautions associated with the use of all MENTOR® Implantable Devices, which include MENTOR® Saline-filled Implants, MemoryGel® Implants, MemoryShape® Implants, ARTOURA™ Expanders, and CONTOUR PROFILE™ Expanders, please refer to the Instructions for Use (IFU) provided with each product or visit www.mentorwwllc.com.

**Education For Everyone**

PSTM19 has been developed to meet the educational needs of surgeons, nurse practitioners, physician assistants, residents, fellows, trainees, patient care coordinators, front office personnel, billing specialists, marketing directors, social media coordinators and the list goes on! This year’s programming features everything from cutting-edge innovations to examinations of procedures, anatomy and discussion of methodology, from finding the right office manager, to step-by-step instruction on how to make your first Instagram profile.

**ASPSP and TRS join PSTM**

Thanks to the inclusion of the American Society of Plastic Surgery Professionals, your staff will have even more opportunities to learn how to make your practice a success! With the addition of The Rhinoplasty Society as a partner, the PSTM rhinoplasty track will be better than ever! ASPSP and TRS have worked hard to create this year’s amazing lineup of practice powering insights and innovations. Bring your whole staff to PSTM19 to learn alongside you and make the proven power of interprofessional education work for your practice!

**Focused Sessions On Life-Changing Topics**

There are many issues that give our specialty a cause for pause, so at PSTM19 we are literally pausing all other programming to focus on two major issues facing plastic surgery today—BIA-ALCL and the future of the specialty. We will also take a deep look into the opioid addiction through sub-specialty programs to provide attendees with targeted strategies for addressing pain relief in their areas of focus.
4. **PSTM Powers Your Practice**
With the largest exhibit hall in the specialty, PSTM19 truly powers your practice. If you attended PSTM18 you may have noticed the difference already. We’ve responded to attendee feedback and enhanced the exhibit hall experience by providing more networking locations, new non-CME sessions, and improved hall navigation. Take advantage of show specials, witness new product launches, talk with company leaders, and take home a donated prize from The PSF Silent Auction!

5. **Register Now for the Close The Loop 5K**
Start your team now and get ready for the San Diego version of the Close The Loop 5K supported by Allergan, Stryker and MicroAire. Participants can be on-site for the run or virtual runners. That means you can create a team made up of your practice staff, your residents, your regional society, or your Parcheesi club. The event is also open to the public and all proceeds support the Breast Reconstruction Awareness campaign. Don’t wait to get started! Teams are already signing up at PlasticSurgeryTheMeeting.com/5K.

6. **Fun, Fun, Fun in the San Diego Sun**
The ASPS Kid Zone will be available from 8 a.m. to 5 p.m., Friday, Sept. 20 through Monday, Sept. 23, at the Hilton Bayfront San Diego (Headquarters Hotel, located adjacent to the San Diego Convention Center). Parents can choose a half-day rate of $50 or a full-day rate of $100 per child.

7. **Celebrate the Specialty**
Make sure your PSTM19 plans include both Opening Ceremonies Friday and Closing Ceremonies Monday. Trust us, you won’t want to miss either! Get to Friday night’s Welcome Reception early to partake in a cocktail reception, supported by Allergan. Closing Ceremonies are supported by Allergan and Sientra.

Belgium’s Dr. Stan Monstrey chosen as 2019 Maliniac Lecturer

The Maliniac Lecturer selection committee has chosen Dr. Stan Monstrey from Belgium as the Maliniac Lecturer during Plastic Surgery The Meeting 2019 in San Diego. His lecture will focus “On transition,” which refers to his personal interest and experience with transition surgery or gender affirmation surgery. The term transition also refers to various transformations or paradigm shifts that have taken place within the specialty of plastic and reconstructive surgery.

The Maliniac Lecture will take place from 10 to 10:30 a.m., Monday, Sept. 23, 2019, in room 20D, at the San Diego Convention Center.

Dr. Monstrey is a worldwide respected authority both in the field of burn management and gender affirmation surgery. Currently, he is the Chairman of the Department of Plastic and Reconstructive Surgery with associated Burn Center, University Hospital, in Ghent, Belgium. Previously, he was a Professor in the Department of Plastic and Reconstructive Surgery between 1998-2002; and Associate Professor and Chairman between 1994-1998.

He is the author or co-author of five books. Some of his more recent articles include, “An update on the Surgical Treatment for Transgender Patients,” in the January 2017 edition of Sexual Medicine Reviews; “Common and Uncommon Histopathological Findings After Female-to-Male Gender Confirming Surgery: A Roadmap to the Examination of Mastectomy Specimens in the Annals of Surgery, 2017; "Routine Histopathological Examination After Female-to-Male Gender Confirming Mastectomy" in BJS, 2018; and “Gender Affirmation Surgery and the Younger Patient” in Pediatric Medicine, 2018.

Plastic Surgery The Meeting values the continued contributions of our Premier Industry Supporters

Sientra is a diversified global medical aesthetics company and a leading partner to aesthetic physicians. The company has developed a broad portfolio of products with technologically differentiated characteristics, supported by independent laboratory testing and strong clinical trial outcomes. The company sells its OPUS® brand of breast implants and breast tissue expanders exclusively to board-certified plastic surgeons, manufactured solely in the United States. The company offers a range of other specialty products including BIOCORNEUM®, the #1 performing, preferred and recommended scar gel of plastic surgeons*, and miraDry®, the only FDA-cleared device to reduce underarm sweat, odor and permanently reduce hair of all colors.

*Data on file.

Allergan plc (NYSE: AGN), headquartered in Dublin, Ireland, is a bold, global pharmaceutical company and a leader in a new industry model – Growth Pharma. Allergan is focused on developing, manufacturing and commercializing branded pharmaceutical, device, biologic, surgical and regenerative medicine products for patients around the world.

Allergan markets a portfolio of leading brands and best-in-class products for the central nervous system, eye care, medical aesthetics and dermatology, gastroenterology, women’s health, urology and anti-infective therapeutic categories.

Allergan is an industry leader in Open Science, a model of research and development, which defines our approach to identifying and developing game-changing ideas and innovation for better patient care. With this approach, Allergan has built one of the broadest development pipelines in the pharmaceutical industry.

For more information, visit Allergan’s website at Allergan.com.

Stryker is one of the world’s leading medical technology companies and, together with its customers, is driven to make healthcare better. The company offers innovative products and services in Orthopaedics, Medical and Surgical, and Neurotechnology and Spine that help improve patient and hospital outcomes. More information is available at stryker.com.

MENTOR® is a leading supplier of breast implants in the global aesthetic market. The company develops, manufactures, and markets innovative, science-based products for surgical and non-surgical medical procedures that allow breast surgery patients to improve their quality of life. The company is focused on two strategic areas: breast reconstruction and breast augmentation. MENTOR® silicone breast implants are proudly made in the U.S.A. For over 20 years, more than 6 million women have chosen MENTOR® Breast Implants.

KCI, an Acelity Company, is a global advanced wound care company committed to developing innovative healing solutions for customers and patients across the care continuum. Our product portfolio is available in more than 90 countries and delivers value through solutions that speed healing and lead the industry in quality, safety and customer experience. Committed to advancing the science of healing, KCI sets the standard for leading advanced wound therapy innovation.

For more information, visit Allergan’s website at Allergan.com.

Stryker is one of the world’s leading medical technology companies and, together with its customers, is driven to make healthcare better. The company offers innovative products and services in Orthopaedics, Medical and Surgical, and Neurotechnology and Spine that help improve patient and hospital outcomes. More information is available at stryker.com.
Galderma was created in 1981 and is now present in more than 100 countries, with an extensive product portfolio to treat a range of dermatological conditions. The company partners with health care practitioners around the world to meet the skin health needs of people throughout their lifetime. Galderma is a leader in research and development of scientifically-defined and medically-proven solutions for the skin. For more information, please visit galdermausa.com and galderma.com.

Heron's mission is to improve patient's lives by developing best-in-class medicines that address major unmet medical needs. We are developing novel, patient-focused solutions that apply our innovative science and technologies to proven pharmacological agents. Our portfolio includes two products approved by the US Food and Drug Administration, SUSTOL® (granisetron) extended release injection and CINVANTI™ (aprepitant) injectable emulsion, as well as one product in development; HTX-011, a novel fixed-dose combination of the local anesthetic bupivacaine with the nonsteroidal anti-inflammatory drug (NSAID) meloxicam being investigated for application into the surgical site to reduce postoperative pain and the need for opioid analgesics for 72 hours.

First Republic is a full-service bank with over 30 years of experience in providing extraordinary service to our extraordinary personal and business banking clients. We put clients first and develop personal, long-term relationships based on a level of service that is uncommon in today's banking world. Our aim is to change the way you feel about banking.

Evolus is a performance beauty company with a customer-centric approach focused on delivering breakthrough products. Evolus' primary market is self-pay healthcare. Our lead FDA approved product is a proprietary purified botulinum toxin type A formulation. For more information, go to evolus.com.

AirXpanders® Inc., based in Silicon Valley, is focused on the design, manufacturing and marketing of innovative medical devices that help modernize breast reconstruction. The company's flagship product, the AeroForm® Tissue Expander System, is the first and only FDA-cleared needle-free, patient-controlled tissue expander for breast reconstruction following a mastectomy.

MTF Biologics, the world’s leading tissue bank, is a non-profit organization dedicated to saving and healing lives by honoring the gift of donation, serving patients and advancing the science of tissue transplantation. MTF Biologics Plastic and Reconstructive Surgery provides innovative solutions in breast reconstruction, craniofacial procedures, burn injuries and aesthetic surgery.
Thursday, Sept. 19

ASPS/The Migraine Surgery Council Cadaver Lecture and Lab
7:00 a.m. to 4:00 p.m. I $1,575

Learning Objectives
1. Upon completion of this activity, participants should be able to:
   Identify migraine headaches and related medication overdoses.
2. Identify anatomy of supraorbital, supratrochlear, zygomaticotemporal and auriculotemporal nerve trigger sites.
3. Identify anatomy of the greater, third, and lesser occipital nerve trigger sites.
4. Plan and demonstrate the surgical treatment of the trigger sites (including frontal and temporal injections, rhinogenic, auriculotemporal, and greater and lesser occipital).
5. Discuss strategies related to practice management and medical coding for integration of migraine treatment into a practice.

Invited Faculty:
Bahman Guyuron, MD, Lecture Co-Director; Jeffrey Janis, MD, Lecture Co-Director; Ali Totonchi, MD, Lab Director; Robert Hagan, MD; Ahmed Afifi, MD; Pamela Blake, MD; William G. Austen, Jr., MD; John B. Moore IV, MD; David Branch, MD; Ziv Peled, MD

8.5 AMA PRA Category 1 Credits™

TMR (Targeted Muscle Reinnervation) Cadaver Lecture and Lab
1:00 to 5:00 p.m. I $1,325

Learning Objectives
1. Upon completion of this activity, participants should be able to:
   Identify the indications for targeted muscle reinnervation in amputee and non-amputee patients.
2. Discuss the different techniques including the donor and recipient nerves for common TMR procedures.
3. Execute the most common targeted muscle reinnervation procedures in the upper and lower extremity.
4. Describe the steps for performing TMR and the peri-operative and post-operative management involved.
5. List specific ways to build a practice of targeted muscle reinnervation.

Invited Faculty:
Kyle Eberlin, MD, Chair; Gregory Dumanian, MD; Ian Valerio, MD; Jason Souza, MD; Sunishka Wimalawansa, MD; Kyle Chepla, MD; Grant Kleiber, MD

4.0 AMA PRA Category 1 Credits™

Course schedule, subjects and faculty are current at the time of publication and subject to change.
Join us for a truly hands-on experience as we host this year’s exciting line-up of cadaver lab programming. Reserve your chance to try out techniques for yourself while receiving guidance from some of the specialty’s master surgeons.

Participants of the hands-on Cadaver Lab experience will be able to immediately apply their knowledge and newly acquired skills into practice. Expert faculty are available to provide valuable insight and feedback as you work on the specimens.

Each lab is sold separately and, due to their small group format, space is limited, so register today.

RESERVE YOUR SPACE ONLINE NOW!
PlasticSurgeryTheMeeting.com/Cadaver-Labs

**Facelift Cadaver Lecture and Lab**
8:00 a.m. to 12:00 p.m. I $1,325

**Learning Objectives**
Upon completion of this activity, participants should be able to:
1. Describe the four most common techniques in modern-day facelift surgery, MACS lift, Extended SMAS, Lateral SMASectomy, and Composite Rhytidectomy.
2. Identify potential complications and how to effectively avoid and manage them.
3. Effectively select and plan the execution of the appropriate technique for the patient.
4. Demonstrate the four surgical techniques.

**Invited Faculty:**
James Zins, MD, Chair; Raymond Isakov, MD; Mohammed Alghoul, MD; Chris Surek, MD; Andrew Kochuba, MD; Ali Charafeddine, MD; Ahmed Hashem, MD; Rafael Couto, MD

**Facial Feminization Cadaver Lecture and Lab**
8:00 a.m. to 12:00 p.m. I $1,325

**Learning Objectives**
Upon completion of this activity, participants should be able to:
1. Identify considerations which should be evaluated prior to performing facial feminization.
2. Define potential complications and recognize methods to minimize risks related to facial feminization.

**Invited Faculty:**
Peter Taub, MD, Chair; Luiz Capitan, MD; Marcelo DiMaggio, MD

4.0 AMA PRA Category 1 Credits™

In collaboration between ASPS and ASMS

**Facelift Cadaver Lecture and Simulcast**
8:00 a.m. – 12:00 p.m. I $275

The simulcast option provides the opportunity to watch and listen to the lab’s expert leaders as they demonstrate the various procedures and techniques from the cadaver lab’s master table.

**Invited Faculty:**
James Zins, MD, Chair; Raymond Isakov, MD; Mohammed Alghoul, MD; Chris Surek, MD; Andrew Kochuba, MD; Ali Charafeddine, MD; Ahmed Hashem, MD; Rafael Couto, MD

4.0 AMA PRA Category 1 Credits™

Educational Program

10:00 a.m. - 12:00 p.m.  
Limitations of Non-Invasive Body Contouring: What’s the Breaking Point?  
**Moderator:** Jeffrey Gusenoff, MD  
**Panelists:** Dennis Hurwitz, MD; Sachin Shridharani, MD; Douglas Steinbrech, MD; William Kortesis, MD; Jennifer Capla, MD

10:00 a.m. - 12:00 p.m.  
Lower Blepharoplasty: Four Cases, Four Experts  
**Panelists:** Patrick Sullivan, MD; Jeffrey Schiller, MD; Mohammed Alghoul, MD

10:00 a.m. - 12:00 p.m.  
Multimodal Management of Lymphedema: Lower Extremity and Upper Extremity  
**Lead:** Mark Schaverien, MD  
**Instructors:** Ketan Patel, MD; Joseph Dayan, MD; David Chang, MD; Babak Mehrara, MD

11:00 a.m. - 12:00 p.m.  
ABC’s of the Cleft Palate  
**Lead:** Robert Mann, MD  
**Instructors:** Joseph Losee, MD; Albert Woo, MD

1:00 - 2:00 p.m.  
Breast Augmentation in Transwomen: Optimizing Aesthetics and Avoiding Revisions  
**Lead:** Devin O’Brien Coon, MD  
**Instructors:** Loren Schechter, MD; Rachel Bluebond-Langner, MD

1:30 - 3:00 p.m.  
A Focus On Facts: What The Science Tells Us About BIA-ALCL & BII  
**Moderator:** Jeffrey Janis, MD  
**Panelists:** M. Bradley Calobrace, MD; Eric Swanson, MD; Andrea Pusic, MD; Binita Ashar, MD, (FDA); Elizabeth Hall-Findlay, MD; Patrick Mallucci, MD

4:30 - 5:30 p.m.  
Adding Hair Restoration to Your Practice  
**Lead:** Keith Jeffords, MD, DDS  
**Instructors:** Jack Fisher, MD; Alfonso Barrera, MD; Brian Heil, MD

4:30 - 5:30 p.m.  
BMP/DBX Bone Alternatives  
**Lead:** John van Aalst, MD  
**Instructors:** Anand Kumar, MD; Mark Urata, MD

4:30 - 5:30 p.m.  
Gluteal Fat Augmentation: Keeping it Safe  
**Moderator:** J. Peter Rubin, MD  
**Panelists:** Onelio Garcia, MD; Daniel Del Vecchio, MD; Alexandra Conde-Green, MD, FICS

4:30 - 5:30 p.m.  
Managing Ups & Downs in Your Office and in Academics  
**Lead:** Paul Cederna, MD  
**Instructors:** Ketan Patel, MD; Joseph Dayan, MD; David Chang, MD; Babak Mehrara, MD

4:30 - 5:30 p.m.  
Avoiding Negative Reviews  
**Lead:** Jeanine DiGennaro  
**Instructor:** Brian Lyle

4:30 - 5:30 p.m.  
Psychological Screening and Selection of Gender-Affirming Survey Candidates  
**Moderator:** Loren Schechter, MD  
**Panelists:** Diane Chen, PhD; Asa Radix, MD; Oren Ganor, MD

4:30 - 5:30 p.m.  
PSTM Simulation Lab - ADM Wrapping  
**Lead:** Michael Saint Cyr, MD

4:30 - 5:30 p.m.  
Radial Nerve Palsy: Nerve Transfers vs. Tendon Transfers  
**Moderator:** Neil Ford Jones, MD  
**Panelists:** Jason Ko, MD; Aaron Morgan, MD

4:30 - 5:30 p.m.  
Spinal, Sacrectomy, and Hemipelvectomy Reconstruction  
**Lead:** Alexander Mericli, MD  
**Instructor:** Chris Campbell, MD, FACS

4:30 - 5:30 p.m.  
The Unsatisfactory Breast Reconstruction: Common Problems and Their Solutions After Reconstruction  
**Lead:** John Hijjawi, MD  
**Instructors:** Sue-Mi Tuttle, MD; Mihye Choi, MD; Louis Bucky, MD

4:30 - 5:30 p.m.  
Employee Manual Must-Haves

Saturday, Sept. 21

8:00 a.m. - 4:00 p.m.  
Medical Students Day  
**Lecturers:** Joseph Losee, MD; Ash Patel, MBChB, FACS; Deana Shenaq, MD; Paul Cederna, MD; Jeffrey Janis, MD; Michael Bentz, MD; William Kuzon, MD, PhD; Debra Johnson, MD; Amanda Gosman, MD; David Song, MD, MBA, FACS; Alison Snyder-Warwick, MD; Jeffrey Kozlow, MD; Edward Davidson, MD; Michelle Roughton, MD; Kavitha Ranganathan, MD; A. Neil Salyapongse, MD  
**Not for Credit**

8:00 - 8:30 a.m.  
ISPRES Presidential Lecture  
**Lecturer:** Sydney Coleman, MD

8:00 - 9:00 a.m.  
DVT Prophylaxis  
**Moderator:** Amy Colwell, MD  
**Panelists:** Eric Swanson, MD; Christopher Pannucci, MD

8:00 - 9:00 a.m.  
Failure as Fuel: What I Have Killed Has Made Me Stronger  
**Moderator:** John Hijjawi, MD  
**Panelist:** Justin Sacks, MD, MBA

Course schedule, subjects and faculty are current at the time of publication and subject to change.
8:00 - 9:00 a.m.
Hiring, Retaining and Motivating Employees and Young Associates
Lead: C. Bob Basu, MD, MPH, FACS
Instructor: Sandy Roos

8:00 - 9:00 a.m.
Instagram Profiles
Lead: Karen Horton, MD, MSc, FACS, FRCSC
Instructor: Francisco Canales, MD; Heather Furnas, MD, FACS; Jeanine DiGennaro

8:00 - 9:00 a.m.
Man vs. Nature: Animal Bites and Wilderness Trauma
Moderator: Edward Buchel, MD
Panelists: David Mathes, MD; Richard Baynasa

8:00 - 9:00 a.m.
Q and Beyond: What is the future of PROs?
Moderator: Andrea Pusic, MD
Panelists: Clara Lee, MD; Chris Gibbons, MD

8:00 - 9:00 a.m.
Rhinoplasty Questions for the Masters
Panelists: Mark Constantian, MD; Bahman Guyuron, MD; Ali Sajjadian, MD, FACS

8:00 - 9:00 a.m.
Secondary Cleft Lip Deformities
Lead: Donald Mackay, MD
Instructors: Peter Taub, MD; Arun Gosain, MD

8:00 - 9:00 a.m.
Thighplasty
Moderator: Jeffrey Gusenoff, MD
Panelist: Kevin Small, MD

8:00 - 9:00 a.m.
CPT Coding of Facial Trauma
Moderator: Delora Mount, MD
Panelists: Gregory Pearson, MD; Michael Christy, MD, FACS

8:00 - 9:00 a.m.
Ulnar Nerve Palsy: Nerve Transfers vs. Tendon Transfers
Moderators: Jonathan Cheng, MD; Matthew Iorio, MD; Alexander Spiess, MD

8:00 - 9:00 a.m.
YPS Think Tank: Identifying Solutions for Challenges We Face
Lead: Ash Patel, MBChB, FACS
Instructors: Michelle Roughton, MD; Warren Ellsworth IV, MD; Sara Dickie, MD

8:00 - 9:00 a.m.
My Best Breast Idea
Moderator: Patricia McGuire, MD

8:30 - 9:15 a.m.
ISPRES / ICOPLAST Young Plastic Surgeons Award Presentations
Moderator: Stefania de Fazio, MD; Riccardo Mazzola, MD

10:00 - 11:30 a.m.
The Future of Healthcare and the Impact on Plastic Surgery
Lecturer: Robert Pearl, MD

11:00 - 11:35 a.m.
Body and Facial Contour Surgery
Instructors: Gustavo Abrile, MD; Juan Martin Chavanne Nougues, MD

11:00 a.m. - 12:00 p.m.
ERAS in Breast Reconstruction
Lead: Claire Temple-Oberle, MD
Instructors: Scott Hollenbeck, MD; Joseph Dayan, MD

11:00 a.m. - 12:00 p.m.
Decreasing Opioid Use - Peri-Operative Pain Control in Hand Surgery
Moderator: Jennifer Waljee, MD
Panelists: Donald Lalone, MD; Loree Kallaiainen, MD, FACS; Brian Drolet, MD

11:00 a.m. - 12:00 p.m.
Facelift: My Preferred Technique
Lead: James Stuzin, MD
Instructors: Sammy Sinno, MD; Mario Pelle-Ceravolo, MD

11:00 a.m. - 12:00 p.m.
Fillet of Limb Flaps/Spare Parts Surgery
Lead: Matthew Hanasono, MD
Instructors: Rudolf Buntic, MD; Ian Valerio, MD, MS, MBA, FACS

11:00 a.m. - 12:00 p.m.
Kazanjian Lecture
Lecturer: Pravin Patel, MD

11:00 a.m. - 12:00 p.m.
Financial Management Session 1: Academics
Moderator: Michele Manahan, MD
Panelists: John Girotto, MD; David Song, MD, MBA, FACS; C. Scott Hultman, MD, MBA

11:00 a.m. - 12:00 p.m.
Lip Reconstruction Following Tumor Resection
Lead: Lawrence Gottlieb, MD
Instructors: Amir Dorafshar, MD; David Adelman, MD, PhD

11:00 a.m. - 12:00 p.m.
Tips and Traps to Avoid Complications in Breast Reconstruction | Maximizing Success in Breast Reconstruction, IE MFN, Synmastia
Lead: Heather Karu, MD
Instructors: Alexander Au, MD; Mitchell Brown, MD; Justin Sacks, MD, MBA

11:00 a.m. - 12:00 p.m.
Protecting Against Fraud Within Your Practice
Lead: Joshua Korman, MD
Instructors: Neal Reisman, MD, JD; Marshall Franklin

*Submit cases at PlasticSurgeryTheMeeting.com/Presenters
11:00 a.m. - 12:00 p.m.
Saddlebags and Lower Body Lift
Lead: Jeffrey Gusenoff, MD
Instructors: Flavio Mendes, MD, PhD

11:00 a.m. - 12:00 p.m.
ISPRES Presents: Fat Grafting for Facial Rejuvenation or Contouring
Moderators: Stefania de Fazio, MD and Gregory Evans, MD
Panelists: Steven Ochen, MD; Nobert Pallua, MD; Tsar-Ming Lin, MD

1:30 - 3:00 p.m.
Facial Trauma
Moderator: Oluwaseun (Seun) Adetayo, MD, FAAP, FACS
Panelists: Gregory Pearson, MD; Jesse Goldstein, MD; Warren Schubert, MD

1:30 - 3:00 p.m.
Pedicled Perforator Flaps, Propeller Flaps, and Keystone Flaps
Instructors: Geoffrey Hallock, MD; Michel Saint-Cyr, MD; Rene Largo, MD

1:30 - 3:00 p.m.
Wild Awake Anesthesia in Facial Aesthetics
Moderator: Anne Taylor, MD, MPH
Panelists: Spero Theodorou, MD; Malcolm Paul, MD; Kenneth Kim, MD; Donald Lalonde, MD

1:30 - 3:00 p.m.
The Adult Cleft Patient
Moderator: Stephen Baker, MD
Panelist: Stephen Beals, MD

1:30 - 3:00 p.m.
Plastic Surgery & Social Media: A Changing Paradigm
Moderator: Heather Furnas, MD, FACS
Panelists: Roy Kim, MD; Joseph Michaels, MD; Sheila Nazarian Mobin, MD; Karen Horton, MD, MSc, FACS, FRCS C

1:30 - 3:00 p.m.
Understanding How Techniques and Technologies Learned in Burns Translates to Plastic Surgery
Lead: Dennis Orgill, MD, PhD
Instructors: Jonathan Friedstat, MD; Daya Mahendra, MD; Debra Ann Reilly, MD; C. Scott Hultman, MD, MBA

1:30 - 3:00 p.m.
ISPRES Presents: What’s New In Fat Grafting Research
Moderator: Kotaro Yoshimura, MD
Panelists: Ali Mojallal, MD, PhD; J. Peter Rubin, MD; Wu-Feng Lu, MD

1:30 - 3:00 p.m.
Antibiotic Use in Cosmetic and Reconstructive Breast Surgery
Moderator: Tara Huston, MD
Panelists: Gary Tuma, MD, FACS; Trent Douglas, MD; Jack Fisher, MD

1:30 - 3:00 p.m.
Management of Dupuytren’s Contracture: Where Are We in 2019?
Moderator: Prosper Benhaim, MD
Panelists: James Chang, MD; Roger Khouri, MD

1:30 - 3:00 p.m.
ASPS Greatest Hits: Best Scientific Presentations of State, Regional, Aesthetic, Hot Topics, and Guest Nation
Moderator: Jeffrey Janis, MD
Panelists: Alannah Phelan, MD; Michael Hu, MD; Genevieve Park; Stephen Lu, MD; Jens Berli, MD; Alfonso Berrera, MD
Judges: R. Barrett Noone, MD; Linda Phillips, MD; Charles Verheyden, MD; Malcolm Roth, MD; Nicholas Vedder, MD

1:30 - 3:00 p.m.
Getting Patients Back to Their Lives in the Opioid Epidemic Era
Moderator: Michele Manahan, MD
Panelists: Jennifer Wajee, MD; John Hijjawi, MD

1:30 - 3:00 p.m.
Financial Management Session 2: Private Practice
Moderator: Daniel Ness, MD
Panelists: Richard Greco, MD; C. Bob Basu, MD, MPH, FACS

1:30 - 3:00 p.m.
Reconstructive and Aesthetic Breast Surgery
Instructors: Sandra Filiciani, MD; Oscar Zimmerman, MD, PhD, FACS; Esteban Elena, MD; Guillermo Vazquez, MD

1:30 - 3:00 p.m.
Wide Awake Anesthesia in Facial Aesthetics
Moderator: Alan Matarasso, MD

1:30 - 3:00 p.m.
Characteristics of the High Performing Front Desk
Instructor: Joanne Dennison

1:30 - 3:00 p.m.
Brachioplasty
Moderator: Albert Losken, MD
Panelists: Jeffrey Gusenoff, MD; Diane Duncan, MD

2:30 - 3:00 p.m.
The Trustees Talk
Moderator: Charles Verheyden, MD, PhD, FACS
Lecturer: R. Barrett Noone, MD

4:30 - 5:30 p.m.
ACAPS Panel: Resident Aesthetic Education
Moderator: William Kuzon, MD
Panelists: Peter Taub, MD; Galen Perdikis, MD; Felmont Eaves, MD; Christian J. Vercler, MD

4:30 - 5:30 p.m.
Applied Anatomy and Its Relation to Facelift Surgery
Lead: James Zins, MD

4:30 - 6:00 p.m.
Approaches to Oncoplastic Surgery
Moderators: Liza Wu, MD
Panelists: Stephen McCulley, MD; Albert Losken, MD; Anne Wallace, MD; Summer Hanson, MD, PhD

4:30 - 6:00 p.m.
Getting Patients Back to Their Lives in the Opioid Epidemic Era
Moderator: Michele Manahan, MD
Panelists: Jennifer Wajee, MD; John Hijjawi, MD

4:30 - 5:30 p.m.
ASPS Greatest Hits: Best Scientific Presentations of State, Regional, Aesthetic, Hot Topics, and Guest Nation
Moderator: Jeffrey Janis, MD
Panelists: Alannah Phelan, MD; Michael Hu, MD; Genevieve Park; Stephen Lu, MD; Jens Berli, MD; Alfonso Berrera, MD
Judges: R. Barrett Noone, MD; Linda Phillips, MD; Charles Verheyden, MD; Malcolm Roth, MD; Nicholas Vedder, MD

Course schedule, subjects and faculty are current at the time of publication and subject to change.
4:30 - 6:00 p.m.
Congenital Facial Tumors: Neurofibromatosis/Facial Tumors
Lead: Craig Dufresne, MD
Instructors: Scott Paul Bartlett, MD; Jeffrey Hammoudeh, MD

4:30 - 6:00 p.m.
ISPRES Presents: Regenerative Surgery
Moderator: Nelson Piccolo, MD
Panelists: Guy Magalon, MD; Roger Khouri, MD; Gino Rigotti, MD

4:30 - 6:00 p.m.
Alveolar Bone Grafts
Lead: Donald Mackay, MD
Instructors: Joseph Losee, MD; Anand Kumar, MD

4:30 - 6:00 p.m.
Negotiating with Insurance
Moderator: Warren Ellsworth IV, MD
Panelists: R. John Lomax, MD; Bob Fleury; R. Andrew Guth; Bauback Safa, MD

4:30 - 6:00 p.m.
Non-Surgical Rhinoplasty
Moderator: Ali Sajjadian, MD, FACS
Panelists: Kamran Khoobehi, MD; Sydney Coleman, MD; Rod Rohrich, MD, FACS; Alex Mesbahi, MD; Claudio DeLorenzi, MD

4:30 - 6:00 p.m.
Wrist Pain: TFCC, ECU, DRUJ
Lead: Jeffrey Friedrich, MD
Instructors: Andrew Watt, MD; Sonya Agnew, MD

4:30 - 6:00 p.m.
Science and Technology of Breast Implants: New Challenges for the Practice Clinician in Cosmetic and Reconstructive Breast Surgery
Panelists: Sumner Slavin, MD; Maurice Nahabedian, MD, FACS; Michael Schefflan, MD; Amy Colwell, MD; G. Patrick Maxwell, MD

4:30 - 6:00 p.m.
Browlifting: 10 Years Ago & Today
Moderator: Grady Core, MD
Panelists: Bahman Guyuron, MD; Richard Warren, MD; Chia Chi Kao, MD; Alan Matarasso, MD, FACS

8:00 - 9:00 a.m.
Management of Hand Fractures
Lead: Jason Ko, MD
Instructors: Aaron Berger, MD PhD; Sonya Agnew, MD; Kyle Eberlin, MD

8:00 - 9:30 a.m.
Explant Mastopexy
Lead: Patricia McGuire, MD
Instructors: Adam Perry, MD; Karen Horton, MD, MSc, FACS

8:00 - 10:00 a.m.
PSTM Simulation Lab–Ultrasound 1
Lead: Nolan Karp, MD

8:00 - 10:00 a.m.
Preventing VTE: Reviewing the Evidence and Implications for Practice
Instructor: Christopher Panucci, MD

8:00 - 10:00 a.m.
0 to 100 in 2 Hours: Master 6 Workhorse Flaps in 2 Hours or Less
Lead: Hooman Soltanian, MD
Instructors: Anureet Bajaj, MD; Patrick Garvey, MD, FACS; John Shuck, MD

8:00 - 10:00 a.m.
Raising the Bar in Rhinoplasty: Getting it Right the First Time
Lead: Rod Rohrich, MD

9:00 - 10:00 a.m.
Adult Obstructive Sleep Apnea Management
Lead: Mark Urata, MD
Instructors: Ahmed Afifi, MD; Stephen Baker, MD

9:00 - 10:00 a.m.
Building a Breast Practice (Reconstructive and Cosmetic)
Lead: Alexander Au, MD
Instructors: Anne Peled, MD; Akhil Seth, MD

9:00 - 10:00 a.m.
Buttock Fat Grafting Insights from the Multi-Society Task Force
Lead: J. Peter Rubin, MD
Instructors: Pat Pazmino, MD; Onelio Garcia, MD
Educational Program

9:00 - 10:00 a.m.
Scalp Reconstruction after Neurosurgery
Lead: Justin Sacks, MD, MBA
Instructors: Risal Djohan, MD; Jesse Selber, MD; Joan Lipa, MD, MSc, FRCS

9:00 - 10:00 a.m.
Facial Trauma: My Greatest Complications
Leads: Gregory Pearson, MD; Jesse Selber, MD

9:00 - 10:00 a.m.
Hot Topics in Practice Management
Lead: R. Andrew Guth

9:10 - 9:30 a.m.
Ergonomics and Microsurgery
Instructor: Scott Hollenbeck, MD

9:30 - 10:00 a.m.
The Aging Breast, Long-Term Aesthetic Results
Moderator: Luis Macias, MD, FACS
Panelists: Steven Teitelbaum, MD; M. Bradley Calobrace, MD; Lisa Cassileth, MD

11:00 a.m. - 12:00 p.m.
The Five Principles of Elite Performance
Lecturer: Retired Navy SEAL Lt. Jason Redman

1:30 - 2:30 p.m.
Maximizing Fat Grafting: Nanofat Grafting, Fractionated Fat, Structural Fat
Moderator: Steven Cohen, MD
Panelists: Christopher Surerk, DO; Rod Rohrich, MD, FACS; Kemal Tiryaki, MD

1:30 - 3:00 p.m.
Comprehensive Techniques in Female Genital Rejuvenation
Moderator: Heather Furnas, MD, FACS
Panelists: Horacio Mayer, MD, FACS; Gary Alter, MD; Kristi Hustak, MD; Francisco Canales, MD

1:30 - 3:00 p.m.
Medical Spa, Is This For Me?

1:30 - 3:00 p.m.
The Practice Manager, Traits, Duties, and Qualifications
Moderator: Joanne Dennison

1:30 - 3:00 p.m.
Origins of Facial Beauty: Psychological and Physiologic
Instructor: Brooke French, MD

1:30 - 3:00 p.m.
QI-quick Work: Everything You Need to Know About QI from Statistics to Implementation
Panelists: Dawn Wang, MD; Devra Becker, MD

1:30 - 3:00 p.m.
Shared Decision-Making in Breast Reconstruction
Lead: Minas Chrysopoulo, MD, FACS
Instructors: Sam Lin, MD; James Butterworth, MD; Terence Myckatyn, MD; Renee Burke, MD; Anne Wallace, MD

1:30 - 3:00 p.m.
Sharing Gears: Transitioning Among Academic, Employed, and Private Practice
Moderator: Maurice Nahabedian, MD, FACS
Panelists: Nolan Karp; Michael Zenn, MD

1:30 - 3:00 p.m.
The Mangled Upper Extremity: How to Optimize Outcomes
Instructors: Suhail Mithani, MD; William Dzwierzynski, MD; Bauback Safa, MD

1:30 - 3:00 p.m.
The Practice Manager, Traits, Duties, and Qualifications
Moderator: Joanne Dennison

1:30 - 3:00 p.m.
The Mangled Upper Extremity: How to Optimize Outcomes
Instructors: Suhail Mithani, MD; William Dzwierzynski, MD; Bauback Safa, MD

1:30 - 6:00 p.m.
Plastic Surgery Training and Opportunities for Collaborative Capacity Building in Low- and Middle-Income Countries
Moderator: Amanda Gosman, MD
Panelists: Darius Balumuka; Jorge Palacios-Martinez, MD; Kavah Alezidah, MD; Joyce McIntyre, MD
Professors: Pankaj Jani, MD, PhD; Wone Banda, MD, FCS Plast, MSc; Peter Nthumba, MD

*Submit cases at PlasticSurgeryTheMeeting.com/Presenters

Course schedule, subjects and faculty are current at the time of publication and subject to change.
2:30 - 2:50 p.m.
Mindfulness
Lead: Keith M. Blechman, MD

2:30 - 3:05 p.m.
Regenerative Medicine and Reconstructive Surgery with Perforating Flaps
Instructors: Federico Flaherty, MD; Gustavo Prezzavento, MD; Gustavo A. Chajchir, MD

2:40 - 3:00 p.m.
Tips for Time Management
C. Scott Hultman, MD, MBA

4:00 - 6:00 p.m.
Basics of Coding
Instructor: Scott Oates, MD

4:00 - 6:00 p.m.
Closed Rhinoplasty: Simpler, Safer, Effective
Lead: Mark Constantian, MD

4:00 - 6:00 p.m.
Cleft Lip: 10 Consecutive Cases
Moderator: Stacey Francis, MD
Panelists: William Hoffman, MD; Michael Friel, MD, FACS, FAAP; Oksana Jackson, MD

4:00 - 6:00 p.m.
Moh's Defects
Lead: Barry Zide, MD, DMD
Instructors: James Thornton, MD; Prashant Myler, MD; Roger Khouri, MD; Frederick Menick, MD

4:00 - 6:00 p.m.
Non-invasive Neck & Face Rejuvenation
Moderator: Barry DiBernardo, MD
Panelists: Christopher Chia, MD; Diane Duncan, MD; Shilpi Khetarpal, MD; Sachin Shridharani, MD

4:00 - 6:00 p.m.
The Aging Breast Reconstruction: Does it Get Better with Age?
Moderator: Joseph Serletti, MD
Panelists: Dennis Hammond, MD; Joan Lipa, MD, MSc, FRCS(C); Joseph Diasa, MD; Yoon Chun, MD; James Wolfli, MD, FRCSC; Steven McCulley, MD

5:00 - 6:00 p.m.
Extensor Tendon Injuries: From the Mallet to the Relative Motion Splint
Lead: Wyndell Merritt, MD
Instructors: Alexander Spiess, MD; Paige Fox, MD, PhD

Course schedule, subjects and faculty are current at the time of publication and subject to change.
Educational Program

7:00 - 9:00 a.m.
Common and Uncommon Nerve Decompressions: My Favorite Technique
Lead: William Dzwierzynski, MD
Instructors: Prosper Benhaim, MD; Robert Hagan, MD; Catherine Curtin, MD; Amy Moore, MD

7:00 - 9:30 a.m.
Dueling Perspectives: Aesthetic Breast Revisions, How I Did it and How Would You Do it?
Moderator: John Y.S. Kim, MD
Panelists: Luis Macias, MD, FACS; Jacob Ungar, MD; Neil Tanna, MD; Mark Venturi, MD, FACS; Steven Teitelbaum, MD; Patrick Mallucci, MD; MBA; Marissa Tenenbaum, MD; M. Bradley Calobrace, MD; Dennis Hammond, MD

7:00 - 9:30 a.m.
Preparing for Retirement: Late Career Practice Boot Camp
Lead: Galen Perdikis, MD
Instructors: Bernard Alpert, MD; Jack Fisher, MD; John Tebbetts, MD; Bradford Adatto, MD; Michael Byrd, MD; Robert Walton, MD; Thomas Stevenson, MD; Stephan Finical, MD; David Song, MD, MBA; FACS; Reza Miraliakbari, MD, MBA; FACS; Neal Reisman, MD, JD

8:00 - 9:00 a.m.
Subscription Plans: Do They Have Use In Your Practice?

8:30 - 8:50 a.m.
Recognizing Burnout
Lead: Richard Korentager, MD

9:00 - 9:20 a.m.
Work Life Balance for Young Surgeons
Lead: Ash Patel, MBChB, FACS

10:00 - 10:30 a.m.
Maliniac Lecture
Moderator: Elizabeth Hall-Findlay, MD
Lecturer: Stan Monstrey, MD, PhD

10:30 - 11:30 a.m.
Revisiting Augmentation Mastopexy
Lead: Anureet Bajaj, MD
Instructors: Carmen Kaval, MD; Dennis Hammond, MD

10:30 - 11:30 a.m.
WPS Listening Session
Instructor: Heather Furnas, MD

10:30 - 11:45 a.m.
New Technologies to Improve Office Flow: How to Make a Smart Office/Smart OR
Moderator: Diana Yoon-Schwartz, MD
Panelist: Douglas Steinbrech, MD

10:30 a.m. - 12:00 p.m.
Cutting Edge Repair of Complicated Ventral Hernias Using Components Separation, Tissue Expansion, and Mesh
Lead: Charles Butler, MD
Instructors: Gordon Lee, MD; Howard Levinson, MD, FACS; Stephen Kovach, MD

10:30 a.m. - 12:00 p.m.
Fat Grafting Breast Reconstruction after Mastectomy
Instructors: Louis Bucky, MD; Roger Khouri, MD; Kotaro Yoshimura, MD

10:30 a.m. - 12:00 p.m.
Implants vs. Fat Grafting for Correction of Lower Face
Moderator: Sydney Coleman, MD
Panelists: Michael Yaremchuk, MD; Jess Ting, MD; Russell Kridel, MD

10:30 a.m. - 12:00 p.m.
Pediatric Microsurgery
Lead: Joseph Upton, MD
Instructors: Jeffrey Friedman, MD; Benjamin Chang, MD

10:30 a.m. - 12:00 p.m.
Tips and Tricks for Better Results with WALANT Tendon Surgery
Lead: Donald Lalonde, MD
Instructors: Ryan Garcia, MD; William Dzwierzynski, MD

10:30 a.m. - 12:00 p.m.
Rhinoplasty: Achieving Consistency and Minimizing Revisions
Lead: Geoffrey Keyes, MD
Instructors: Ali Sajjadian, MD, FACS

11:30 - 11:50 a.m.
Wellness for Women in Plastic Surgery
Lead: Amanda Gosman, MD

1:30 - 2:30 p.m.
Plastic Hand Surgeons Living in an Orthopedic World: Building an Elective Hand Surgery Practice
Moderator: James Chang, MD
Panelists: Rafael Diaz-Garcia, MD; Kyle Eberlin, MD; River Elliott, MD; Sonu Jain, MD

1:30 - 2:30 p.m.
Ultrasound Use for the Plastic Surgeon
Lead: Marc Salzman, MD
Instructors: Pat Pazmino, MD

1:30 - 3:00 p.m.
Scapholunate Ligament Injuries and Reconstruction
Lead: Prosper Benhaim, MD
Instructors: Alexander Spiess, MD; William Dzwierzynski, MD; Patrick Hettinger, MD

1:30 - 3:00 p.m.
Complications in Tissue Expansion
Moderator: Arun Gosain, MD
Panelists: Bruce Bauer, MD; Lori Howell, MD

1:30 - 3:00 p.m.
Eyelid Ptosis
Lead: Gregory Pearson, MD
Instructors: Henry Spinelli, MD; Glenn Jelks, MD

1:30 - 3:00 p.m.
From Botulinum Toxin to Bypass: Vascular Insufficiency in the Hand
Moderator: Michael Neumeister, MD, FRCS, FACS
Panelists: William Pederson, MD; Bauback Safa, MD

Course schedule, subjects and faculty are current at the time of publication and subject to change.
1:30 - 3:00 p.m.
Pedicled Flaps: Surgeries for Surgeons Who Don’t Need Microscopes
Moderator: Gregory Buncke, MD
Instructors: Karen Evans, MD

1:30 - 3:00 p.m.
Peri-Oral Rejuvenation
Lead: Bahman Guyuron, MD
Instructors: George Weston, MD; James Zins, MD; Raj TerKonda, MD; Christopher Knotts, MD; Robert Sigar, MD

1:30 - 3:00 p.m.
Soft Tissue Scaffolds in Aesthetic Breast Surgery: Finding Support for the Soft Tissues
Moderator: Nolan Karp, MD
Panelists: Ruth Graf, MD, PhD; Yoav Barnea, MD; Mark Sisco, MD; G. Patrick Maxwell, MD

2:40 - 3:00 p.m.
Training to Improve Posture & Endurance in the OR
Lead: Nicole Sommer, MD

3:00 - 4:00 p.m.
Replantation Surgery in the 21st Century: Should We Save That Index Finger?
Moderator: Michael Neumeister, MD, FRCSC, FACS
Panelists: Bauback Safa, MD; Matthew Iorio, MD; Douglas Sammer, MD

3:00 - 4:00 p.m.
FDA Drug Guidelines – Purchasing Foreign Drugs
Lead: R. Andrew Guth

3:00 - 4:00 p.m.
Principles and Practice of Modern Nasal Reconstruction
Instructor: Frederick Menick, MD

3:00 - 5:00 p.m.
Facelift Analysis: What to do When and to Whom
Moderator: Grady Core, MD
Panelists: Kenneth Kim, MD; James Zins, MD; Patrick Sullivan, MD; Hee-Jin Kim, DDS, PhD

3:30 - 4:00 p.m.
Don’t miss this incredible focus on rhinoplasty presented by The Rhinoplasty Society
(Included in your PSTM registration!)
Highlights a world-class faculty under the direction of Derek Steinbacher, MD and Ashkan Ghavami, MD

Friday, Sept. 20

Initial Consult/Evaluation
Featuring: Nasal Analysis, Rhinoplasty Consult Pearls, Essential Tips for Success and 3D Simulation in Rhinoplasty

Maneuvers/Concepts:
Ala, tip, dorsum
Featuring: CS vs. SEG, Alar Grafting, Tip Shaping and Grafting, Under-projected Nose, Over Projecting Nose and Deviated/Twisted/Crooked Nose

Special/Advanced Topics
Featuring: Middle Eastern Rhinoplasty, Asian Rhinoplasty, Cleft Rhinoplasty, Pushdown/Letdown Rhinoplasty and Revision Rhinoplasty

Adjuncts/Post-operative Care/Complications
Featuring: Perinasal and Facial Adjuncts, Fillers in Rhinoplasty, Postoperative Care and Expectations, Managing Medical Complications and Managing Undesired Outcomes

Course schedule, subjects and faculty are current at the time of publication and subject to change.
Educational Program CME Information

**Intended Audience**
Plastic Surgery The Meeting 2019 is intended for plastic surgeons, residents and other healthcare professionals interested in translating expanded knowledge into practice for the improvement of patient care and outcomes.

**Overall Learning Objectives**
At the end of this activity, participants will be able to:
- Identify current and emerging issues and advances affecting the diagnosis and delivery of treatment for plastic surgical problems and assess their potential practice applications.
- Incorporate into practice technical knowledge in state-of-the-art procedures, and drug and medical device uses.
- Communicate current practice management and regulatory issues necessary for the efficient and safe delivery of patient care.
- Translate expanded knowledge into practice for the improvement of patient outcomes and satisfaction.

**Accreditation Council for Graduate Medical Education (ACGME) & American Board of Medical Specialties (ABMS) Competencies**
Plastic Surgery The Meeting will address the following competencies:
- Professionalism
- Patient Care and Procedural Skills
- Medical Knowledge
- Interpersonal and Communication Skills
- Systems-Based Practice

**Accreditation Statement**
The American Society of Plastic Surgeons® (ASPS®) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

**Designation Statement**
The American Society of Plastic Surgeons designates this live activity for a maximum of **26.5 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Of the 26.5 credits, 13.0 credits have been identified as applicable to patient safety.

Sessions are certified individually for CME. PSTM19 overall is not certified for credit. Participants will earn credit for individual sessions, not for the overall meeting. All credit-granting sessions are designated on the website and the PSTM19 portion of the ASPS app. CME is not awarded for attending committee meetings.

**Hot Topics**
The American Society of Plastic Surgeons designates this live activity for a maximum of **5.5 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**ASPS Migraine Surgery Council Migraine Cadaver Lab**
The American Society of Plastic Surgeons designates this live activity for a maximum of **8.5 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**TMR (Targeted Muscle Reinnervation) Cadaver Lab**
The American Society of Plastic Surgeons designates this live activity for a maximum of **4.0 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Facelift Cadaver Lecture and Lab**
The American Society of Plastic Surgeons designates this live activity for a maximum of **4.0 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
Facelift Feminization Cadaver Lecture
The American Society of Plastic Surgeons designates this live activity for a maximum of 4.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Facelift Cadaver Lab Simulcast
The American Society of Plastic Surgeons designates this live activity for a maximum of 4.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure Policy
The American Society of Plastic Surgeons (ASPS) requires all faculty, authors, planners, reviewers, managers, staff and other individuals in a position to control or influence the content of an activity to disclose all relevant financial relationships or affiliations. All identified conflicts of interest must be resolved, and the educational content thoroughly vetted by ASPS for fair balance, scientific objectivity and appropriateness of patient care recommendations. The ASPS also requires faculty/authors to disclose when off-label/unapproved uses of a product are discussed in a CME activity or included in related materials.

PSTM Partner and Affiliate Organizations

The American Society of Plastic Surgeons is proud to present The Meeting For Everyone! To bring you the most relevant education in our industry, we have expanded our educational programming in partnership with the following organizations.

## PSTM Partner

### The American Society of Maxillofacial Surgeons

The American Society of Maxillofacial Surgeons is the oldest American organization representing maxillofacial surgeons who are devoted to improving and promoting the highest levels of patient care. Maxillofacial and Craniofacial surgeons specialize in bone and soft tissue reconstruction and enhancement of the face. Visit maxface.org to learn more about ASMS.

**Featured PSTM19 events include the Kazanjian Lecture on Saturday, ASMS Annual Business Meeting and ASMS Reception on Sunday.**

Look for the ASMS logo to see more of its featured programming.

## PSTM Partner

### American Society of Plastic Surgery Professionals (AS PSP)

Membership in the American Society of Plastic Surgery Professionals is available to research assistants, practice and office administrators and related staff. This dynamic group is comprised of employees of board-certified or board-admissible plastic surgeons. ASPSP keeps members updated on changing trends and requirements in the industry, including ICD-10, marketing, social media, financial management and new trends in plastic surgery. Learn together, succeed together! Visit plasticsurgeryprofessionals.org to learn more about ASPSP.

**Featured PSTM19 events include Employee Manual Must-Haves on Friday and Characteristics of the High Performing Front Desk on Saturday.**

Look for the ASPSP logo to see more of its featured programming.
Organized in 1996, The Rhinoplasty Society is the premier organization in the world dedicated to the education of surgeons who are interested in rhinoplasty, both functional and aesthetic nasal surgery. Many of the most respected surgeons in the world are members of this society, who dedicate their efforts as educators to improve the quality of rhinoplasty and nasal surgery. Membership is through invitation only. Visit rhinoplastysociety.org to learn more about TRS.

**Featured PSTM19 events include a full day of rhinoplasty education on Friday.**

Look for the TRS logo to see more of its featured programming.

---

The International Society of Plastic Regenerative Surgeons (ISPRES) was established in 2011 to fulfill the need for a forum where plastic surgeons from around the world could exchange ideas and advance the exciting new frontier of Regenerative Plastic Surgery. ISPRES is the authority of the clinical application of adipose tissue for plastic surgeons. Visit ispres.org to learn more about ISPRES.

**Featured PSTM19 events include a full day of regenerative programming on Saturday.**

Look for the ISPRES logo to see more of its featured programming.

---

The Migraine Surgery Council supports the study and treatment of migraine headaches through education, research and dissemination of information among healthcare professionals. Areas of focus are anatomical research, outcomes-based clinical research, advocacy, innovations and improvement and increased awareness with primary care physicians, neurologists, neurosurgeons, otolaryngologists, plastic surgeons and members of the public. Visit PlasticSurgeryTheMeeting.com/Cadaver-Labs to learn more about the Migraine Cadaver lab.

**Featured PSTM19 event includes the ASPS/MSC Migraine Cadaver Lab on Thursday.**

Look for the MSC logo to see more of its featured programming.
WPS Networking Luncheon
12:00 to 1:30 p.m., Saturday, Sept. 21
Join the Women Plastic Surgeons Forum for an engaging luncheon with table topic discussions during this unique opportunity to network with your colleagues.
Be sure to register ahead of time, as this luncheon fills up fast! Supported by Located in the Convention Center.
Registration is required; Surgeons ($50), Residents ($25).

WPS Networking Hour
6:00 to 7:00 p.m., Saturday, Sept. 21
Network with Women Plastic Surgeons Forum during this complimentary event supported by sientra. Located in the Hilton San Diego Bayfront.
No fee

WPS Listening Session
10:30 to 11:30 a.m., Monday, Sept. 23
Topics may include being a “woman boss”, being in solo practice, being in group practice (mixed gender or all women), applying for grants, establishing one’s authority in research, mentoring, and being mentored. The goal is to use the space in the WPS Lounge to post questions that will solicit responses throughout the meeting and then use those questions and answers to facilitate discussion during the WPS Listening Session.
Located in the Convention Center.
Included in PSTM registration fee.

WPS Lounge
Relax at Plastic Surgery The Meeting in the WPS Lounge, which will be open during all the exhibit hall hours.
9:00 a.m. to 4:30 p.m.
Friday, Sept. 20 and Saturday, Sept. 21
10:00 a.m. to 4:00 p.m.
Sunday, Sept. 22
Located in the Exhibit Hall.
WPS lounge sponsored by
Residents Bowl

Join us for this unique event as residents answer questions on case studies and the core curriculum of plastic surgery. For more information, visit: PlasticSurgeryTheMeeting.com/Residentsbowl

Located in the Exhibit Hall.

Included with meeting registration, no fee.

Supported by stryker and

YPS Trending Topic Breakout Sessions
8:00 to 9:00 a.m., Saturday, Sept. 21

Join YPS for interactive topical discussions on the impact of Media Training on practice and leadership development, Social Media for Fundraising for Philanthropic Causes and Practice Building, Issues Affecting Wellness in Young Surgeons, and Financial Planning and Literacy for You and Your Life! Attendees can expect to break up into topical areas to brainstorm and will put their ideas onto a whiteboard. Whiteboards will be displayed in the exhibit hall for the remainder of the meeting.

Located in the Convention Center as part of open programming.

Included with meeting registration, no fee.

YPS Networking Hour
6:00 to 7:00 p.m., Saturday, Sept. 21

Network with other Young Plastic Surgeons during this complimentary event.

Located in the Hilton San Diego Bayfront.

Registration is required, no fee.

Supported by AirXpanders®

We hope to see you there!

If you have questions, please call 847-228-9900 or email ydunn@plasticsurgery.org.
The ASPS Senior Residents Conference and the Residents Day Program have been developed and modified based on feedback from attendees to take away the surprises during your transition from residency to practicing surgeon. Veterans of the specialty share personal experiences, provide advice on how to land a full-time position and instruct on ways to properly set up and manage a practice. Be prepared to take the next step in your career. Join ASPS at these resident-focused programs at Plastic Surgery The Meeting 2019.

Not for Credit

**Thursday, Sept. 19**
7:30 a.m. to 6:00 p.m. | San Diego Convention Center

**CO-CHAIRS**
Paris Butler, MD, MPH; Scott Hollenbeck, MD; Michelle Roughton, MD

Gain a better understanding of what to expect and how to prepare for life after residency. Learn about the financial, legal and ethical issues of establishing and running a practice.

**Important presentations that you need to hear:**
- ABPS Message to Future Plastic Surgeons
- How to Build a Practice
- How to Read a Profit and Loss Statement

**Learn from experienced faculty on these vital topics:**
- Starting a Family while Being a Plastic Surgeon
- How to Deal with an Unhappy Patient
- Surgeon Longevity: Keys to Success for a Successful Career
- Contract Negotiations

**Your Registration Fee**
($375 RFF/$475 non-RFF members) includes:
- Exclusive admittance to all meals and educational sessions focused on Senior Residents scheduled on Thursday, Sept. 19 (including the Residents Reception at the Hilton San Diego Bayfront)
- All meals and educational sessions for Residents scheduled on Friday, Sept. 2

**What’s New This Year?**
- Effective techniques, advice and resources to help you select the right employment model for you.
- Focused practice management content including tips on hiring and managing employees.
- Strategies to achieve work/life balance during board collection and throughout your career.
- Surgeon longevity: keys for a successful career and staying healthy.
- A resident's guide to navigating Plastic Surgery The Meeting.

**Resident Networking/Mentorship Reception**
Thursday, Sept. 19 | 6:00 – 7:00 p.m.
Hilton San Diego Bayfront
Residents Day offers practical discussions that apply to residents and senior residents. This year, the program focuses on:

- Does a Fellowship Help?
- Finding and Competing for Academic and Non-academic Jobs
- Navigating Plastic Surgery The Meeting

Back by popular demand:

- Introduction to Risk Management and Avoiding Malpractice
- PRS and PRS Global Open: How to Get Published
- Forward Thinking: Have a Vision for Your Practice

Presentations by the Young Plastic Surgeons (YPS), the American Council of Academic Plastic Surgeons and an award-winning keynote speaker round out the 2019 Residents Day Program.

The Senior Residents Conference and Residents Day Program are developed in cooperation between:

- American Society of Plastic Surgeons
- American Council of Academic Plastic Surgeons
- YPS

Included for Plastic Surgery Residents and Fellows as part of PSTM19 registration; advance registration is required.

Registration includes:

- Admission to the Residents Reception (Thursday, Sept. 19 at the Hilton San Diego Bayfront)
- Admission to Friday’s portion of the Residents Day Program
- Admission to Annual Meeting meals, social functions and general sessions
- Admission to the Exhibit Hall (Friday to Sunday)

Course schedule, subjects and faculty are current at the time of publication and subject to change.
The Argentine Society of Plastic, Aesthetic and Reconstructive Surgery (SACPER), was founded in 1952, and is comprised of about 700 members, all of them certified specialists. The members in turn are grouped into secondary categories recognized by SACPER that represent the different regions of the country. In total there are nine affiliates, approximately 1,200 specialist doctors and about 300 doctors in training.

Among its members are academic professors and specialists dedicated to private practice.

The objectives of SACPER include development of plastic surgery in Argentina, training members through continuing medical education programs, promoting clinical research and developing work protocols. Another objective is to offer information to the general public about the scope of our specialty through campaigns in social networks and audiovisual media. SACPER publishes the digital Argentine Magazine of Plastic Surgery, and an annual online refresher course for all its members. SACPER also offers a specialization course with a duration of three years that grants a specialist certificate for doctors in training.

The scientific activity is completed with various symposia and courses sponsored by SACPER and the National Congress that takes place every year. In May, the 49th National Congress welcomed international guests, several of them members of ASPS, in the city of Rosario, Province of Santa Fe.

SACPER is an integral part of the International Confederation of Plastic Surgery Societies (ICOPLAST), which brings together scientific societies from 68 nations spread over five continents.

SACPER has been a global partner of ASPS since 2015. During PSTM19, SACPER members will share their experience and provide innovations in the specialty of cosmetic and reconstructive surgery.
SPY-PHI

Changing the way you see your patients

SPY Fluorescence Imaging allows surgeons to visualize blood flow in real-time during plastic and reconstructive surgery.

**Clinical Impact**
A clinical study demonstrated there was a 95% correlation between intraoperative SPY imaging and clinical outcomes.¹

**Economic Impact**
A study by the Mayo Clinic estimated that avoiding skin necrosis through the use of SPY could result in potential cost savings of $850K over 5 years.²

Join us for these events! Stay for the raffle following each Q&A!

**PRS Journal Club LIVE** Returns! Live Q&A with the authors of a hot-off-the-press *PRS* article; moderated by our *PRS* Resident Ambassadors.

**Topic**: RPNIs To Prevent Postamputation Pain

**PRS Grand Rounds LIVE** is back! Live lecture and Q&A on a hot topic in the field and from the literature; moderated by our *PRS* Resident Ambassadors.

**Topic**: Silicone Implant Illness

**PRS and PRS Global Open** Tech Talks are back! Lectures and Q&As on cool technologies and trends influencing the field with leading-edge plastic surgeons.

**Topics include**:  
1. Virtual Reality Used to Improve Patient Experience  
2. Facial Recognition Technology and its Effects on Plastic Surgery  
3. Eye-tracking Technology in Plastic Surgery

**NEW This Year:**

*PRS Global Open’s* Face the Case Live! How would you handle three tough cases from *PRS Global Open* literature? With interactive voting and a live expert discussion moderated by our *PRS Global Open* Resident Ambassadors, this is one event you don’t want to miss. How will YOU Face the Case?

*Topics are subject to change*
The Exhibit Hall in San Diego Offers More Than Ever

Plastic Surgery The Meeting’s Exhibit Hall will feature approximately 300 exhibiting companies representing more than 60 categories of products and services, all aimed to bring your practice to the next level.

Our industry partners play a pivotal part in supporting The Meeting and additional face-to-face time in the Exhibit Hall will continue to foster new and innovative products and services for the specialty.

Exhibit Hall Schedule

New in 2019, the Exhibit Hall will be open Friday through Sunday. Join us on Friday morning for the Grand Opening Celebration followed by three full days to walk the exhibit hall, see all of the best industry suppliers and network with fellow colleagues.

**Friday, Sept. 20**  
9:00 a.m. to 4:30 p.m.  
Grand Opening:  
9:00 to 10:00 a.m.  
Lunch:  
12:00 to 1:30 p.m.  
Afternoon Break:  
3:00 to 4:30 p.m.

**Saturday, Sept. 21**  
9:00 a.m. to 4:30 p.m.  
Morning Break:  
9:00 to 10:00 a.m.  
Lunch:  
12:00 to 1:30 p.m.  
Networking Reception:  
3:00 to 4:30 p.m.

**Sunday, Sept. 22**  
10:00 a.m. to 4:00 p.m.  
*Morning Break:  
10:00 to 11:00 a.m.  
Lunch:  
12:00 to 1:30 p.m.  
Afternoon Break:  
3:00 to 4:00 p.m.

*Late start for Close the Loop 5K

Key Areas Of Interest

Hundreds of exhibiting companies are surely enough to keep you busy, but there’s even more. These key areas create the most dynamic exhibit experience in the specialty. Plan additional time for your Exhibit Hall experience in San Diego.

- ASPS Resource Center
- ASPS Endorsed Partners
- Exhibit Hall Grand Opening Celebration
- Exhibitor Show Specials
- First-Time Exhibitors Pavilion
- Industry Spotlights at Center Stage
- Networking Reception with Exhibitors
- **New!** Expanded Poster Viewing Area
- Plastic Surgeon Match Booth
- Plasty PAC Lounge
- PRS Red Carpet Photo Booth
- PRS TechTalks
- PRS View Video Studio
- Raffle Drawings at Exhibit Booths
- Recharge and Connect Lounge
- Residents Bowl Arena
- **New!** Satellite Symposia Theater
- WPS Lounge | Supported by:

ASPS Values Our PSTM19 Industry Partners

ASPS and The PSF would like to thank our meeting attendees for their continued support and interest in patronizing exhibitors at Plastic Surgery The Meeting. Registration fees would be considerably higher without the income generated from exhibitor participation.

When companies present quality products and services addressing the practice needs of aesthetic and reconstructive plastic surgery professionals, they add value. We encourage you to set aside ample time in San Diego to visit with exhibitors and let them know you value their partnership.
Exhibit Hall

Finding Exhibitors, Products And Services Is Easy

Pre-planning booth visits and communicating with industry pre-/post-meeting will help make the most of your time in the Exhibit Hall. These key resources will assist in identifying exhibitors and the featured products or services in San Diego.

- Online Exhibitor Directory
- Printed Onsite Guide
- Searchable Floor Plan
- Product Locaters in the Exhibit Hall
- The ASPS App

Renuva is an off the shelf, injectable matrix that is perfect for addressing defects where a small volume of fat is needed to restore fullness or smooth contours... without the need for fat grafting. Renuva is intended for use in areas where native fat exists, including but not limited to:

- Nasolabial folds
- Cheek filling
- Hand rejuvenation
- Breast contouring
- Liposuction irregularities
- Depressed scars
Plastic Surgery The Meeting is pleased to offer meeting attendees discounted hotel and transportation rates for travel to and from San Diego. We encourage you to take advantage of the discounts offered and make reservations early, as availability is on a first-come, first-served basis.

**Official Housing Partner**

EventSphere will be the new housing bureau for Plastic Surgery The Meeting 2019.

The deadline for making housing reservations is Wednesday, Aug. 14.

---

**Confirmation**

Confirmations are sent via email at the time of reservation; please review for accuracy once received. If the confirmation email is not received within 24 hours of making your reservation, please contact EventSphere.

**Changes/Cancellations**

All changes and cancellations must be made directly with EventSphere and up to seven (7) business days prior to scheduled arrival. An acknowledgment of your request will be emailed within 24 business hours of receipt.

**Special Requests**

You will be asked to provide room preferences when making your reservation. Hotels will assign specific room types upon check-in, based on availability.

---

**Deposit**

Neither ASPS nor EventSphere require a deposit. However, hotels may charge your credit card a two-night room and tax deposit in advance to secure discounted rates and reservation. Please refer to PlasticSurgeryTheMeeting.com/Hotels for details.
1. Enter the origin, destination, travel dates and any other search criteria. Select the “all search options” link.

2. Enter code ZFXG878622 in the “promotions and certificates” field (be sure not to include any spaces). Select the “search” button.

3. In your search results flights displaying “special offer” are eligible for discount. The price shown is the discounted price.

4. Choose your seats and book your flight.

The travel window for discounted fares includes three days prior to and three days post the actual meeting dates.

**Please note: Codes are meeting/destination specific. Standard change fees and baggage fees apply. Not valid in conjunction with any other discounted fare.**

---

**Air Travel**

San Diego International Airport, formerly known as Lindbergh Field, is an international airport three miles northwest of downtown San Diego. It is owned and operated by the San Diego County Regional Airport Authority.

**Note:** Discounts are only valid on qualifying airfare and restrictions apply.

**Ground Transportation**

**Hotel Shuttle Bus**

ASPS is providing complimentary hotel shuttle bus service to and from the San Diego Convention Center and select hotels.

**Parking at the Convention Center**

Daily parking at the San Diego Convention Center is $20 and available on a first-come, first-served basis including handicapped accessible parking. In and out privileges are not included.

**Taxi Service/Ride Share**

Taxi services are available at the San Diego Convention Center.

---

**Enjoy San Diego!**

The San Diego Tourism Authority will have a booth outside Exhibit Hall E during PSTM. Stop by to plan your visit and receive your guide to all the fun San Diego has to offer.
Pre-Registered Attendees
Express Check-In will be available at the San Diego Convention Center and the Hilton San Diego Bayfront. Bring a copy of your registration confirmation to an Express Check-In kiosk for expedited service. All confirmations will include a barcode that will allow for easy scan-and-go access.

On-Site Registrants
Visit the On-Site Registration Desk at the San Diego Convention Center.

San Diego Convention Center
Thursday, Sept. 19 6:30 a.m. to 6:00 p.m.
Friday, Sept. 20 6:30 a.m. to 7:00 p.m.
Saturday, Sept. 21 7:30 a.m. to 5:00 p.m.
Sunday, Sept. 22 7:30 a.m. to 4:30 p.m.
Monday, Sept. 23 6:30 a.m. to 5:00 p.m.

Hilton San Diego Bayfront (HQ)
Thursday, Sept. 19 6:30 a.m. to 6:00 p.m.
Friday, Sept. 20 6:30 a.m. to 7:00 p.m.
Times subject to change.

Cancellation, Refund and Credit Card Authorization Policy
Cancellations and requests for refunds must be submitted in writing (email, fax, or mail) and are subject to approval by ASPS. If approved, refunds will be issued in the original form of payment and in accordance with the following schedule:

On or before July 20
100% refund less a $50 processing fee

July 21 to Aug. 29
50% refund less a $50 processing fee

On or after Aug. 30
No refunds issued

Barcode Access
Each registrant will receive a bar-code badge, which is encoded with access to registered courses and events. This badge will be scanned for entry into each course or event, as well as used for information exchange in the Exhibit Hall.

ADA requirements
ASPS fully complies with the requirements of the Americans with Disabilities Act (ADA) and will make every reasonable effort to accommodate special needs, as time allows, to enhance your participation. Please indicate any ADA requirements during the registration process or call ASPS Member Services at 847-228-9900, ext. 471 prior to your arrival.

Registration Categories
ASPS/ASMS Active Member
Current Active, Associate, International Member, Life-Inactive Member, and Candidates for Membership of ASPS/ASMS, qualify for this category.

ASPS/ASMS Life Active Member
Current Life Active members of ASPS/ASMS qualify for this category and will receive complimentary registration, if received by Aug. 29.

Active Military Duty
Full-time officers in the uniformed services with proof of service, current membership or candidates for membership with ASPS or ASMS, qualify for this category.

ASPS International Candidate
International plastic surgeons who have been in practice for less than three years, with an ASPS international candidacy membership, qualify for this category. Registrants will also receive complimentary admission to the International Reception.

International Trainee (Subscriber)
International trainees actively engaged in a recognized plastic surgery residency program outside the U.S. or Canada who are currently enrolled in the ASPS International Trainees Forum qualify for this category. Registrants will receive the following complimentary items: meeting registration; admission to the International Reception; and the Residents’ Day Program and Resident Networking/Mentorship Reception.
ASPS/ASMS Resident/Fellow (RFF Member)
Residents and Fellows in an approved plastic surgery residency or fellowship program that are currently enrolled in the ASPS Residents and Fellows Forum (RFF) qualify for this category. Visit PlasticSurgery.org/RFF for the application.

ASPS Member/ASPS Affiliate Member
Plastic surgery team members who are ASPSP members or ASPS Affiliate members receive discounted registration fees. Visit PlasticSurgeryProfessionals.org/Membership or PlasticSurgery.org/JoinASPS for more information on becoming a member.

Physicians of Guest Nation, Argentina*
Surgeons actively engaged in the practice of plastic or reconstructive surgery and residing in our guest nation may qualify for this category.

ASPS Global Partners Network
- Guest Physician*
Surgeons actively engaged in the practice of plastic surgery for at least three (3) years, who hold current membership with one of the listed organizations qualify for this category and will receive a reduced registration fee. Qualifying organizations include: Argentina (SACPER); Australia (ASPS); Belgium (RBSPS); Brazil (SBCP); Columbia (SCCP); France (SOFCPRE); Ireland (APS); Israel (ISPAS); Italy (SICPRE); Japan (JSPRS); Mexico (AMCPER); Netherlands (NVPC); New Zealand (NZAPS); Singapore (SAPS); South Africa (APRSSA); South Korea (KSPRS); Spain (SECPRE); Taiwan (TSPS); United Kingdom (BAPRAS).

Guest Physician*
Surgeons actively engaged in the practice of plastic or reconstructive surgery and reside in North America or who do not qualify for previous categories.

International Trainee (Non-Subscriber)**
International trainees actively engaged in a recognized plastic surgery residency program and not currently enrolled in the ASPS International Trainee Forum may qualify for this category.

Resident/Fellow (RFF Non-Member)**
Residents and Fellows in an approved plastic surgery residency or fellowship program that are not currently enrolled in the ASPS Residents and Fellows Forum (RFF) may qualify for this category.

Medical Student
Medical students currently enrolled full-time in an ACGME-accredited program qualify for this category. Registrants will receive complimentary admission to the Medical Students’ Day program. Copy of student ID or letter from the medical school registrar required.

Plastic Surgery Team Member
Nurses, physician assistants, research assistants, residency coordinators, and other office staff of plastic surgeons qualify for this category. Letter from ASPSP or ASPS affiliate member required within 10 days of registration.

Industry Research & Academic Personnel***
Non-marketing industry personnel, including members of the medical, regulatory affairs, education community or research and development scientists, may qualify for this category.

Investment Analyst***
Personnel involved in analyzing financial information to forecast business, industry, and economic conditions for use in making investment decisions in the plastic surgery space may qualify for this category.
### Registration Badges & On-Site Pickup

**Life Active Member Guest**  
Life Active physician registrants have the option to register one spouse or guest to attend the meeting. Neither continuing medical education credit nor corresponding course registration is available, if registered in this category.

**Guest (16 years old or older)**  
Physician registrants have the option to register one spouse or guest to attend the meeting. Neither continuing medical education credit nor corresponding course registration is available, if registered in this category.

**Children (15 years old or younger)**  
Children are welcome to attend the meeting. Registration is required and all children must be accompanied by an adult at all times, including but not limited to sessions, events and the exhibit hall.

The Close the Loop 5K race will take place from 7:30 to 9:30 a.m., Sunday, Sept. 22, offering runners/walkers a great view of San Diego Bay. If you can’t join us in person, become a 5K Virtual Participant or sponsor someone’s registration fee.

- Packets will be available for pick up before the race start time.
- The course starts and ends at the Hilton Bayfront Hotel.
- Participants will be able to enjoy the panoramic view of San Diego’s vibrant waterfront in Embarcadero, where there is something for everyone.
- Funds generated from the Close the Loop 5K will go toward the national Breast Reconstruction Awareness Campaign of The Plastic Surgery Foundation, the philanthropic arm of the American Society of Plastic Surgeons.

DOES SHE REALLY NEED ANOTHER NEEDLE?

Now there’s needle-free AeroForm® Tissue Expander and Dosage Controller

Needle-Free • Patient-Controlled Dosing • 50% Faster Expansion than Saline

Learn more at AirXpanders booth #1435

1 Ascherman, JA., et al. CO2-based vs. Saline Tissue Expansion for Breast Reconstruction: Results of the XPAND Prospective, Randomized Clinical Trial. PRS. Dec 2016 Vol 138 No6

The AeroForm Tissue Expander system is used for soft tissue expansion in breast reconstruction following mastectomy, for the treatment of underdeveloped breasts, and for the treatment of soft tissue deformities in the breast.

The AeroForm Expander is intended for temporary subcutaneous or submuscular implantation and is not intended for use beyond six months.
