Maxillofacial Surgeons (ASMS)

Ashkan Ghavami, MD
President
The Rhinoplasty Society (TRS)

We cannot wait to welcome you to Austin! This is the first time we've held Plastic Surgery The Meeting in Austin, which has perennially topped lists of "Best Cities to Live in America" due to its beautiful "Hill Country" setting, vibrant culture and independent spirit. Known as the Live Music Capital of the World, thanks to its myriad venues and mega music festivals like South By Southwest and Austin City Limits, the city is also home to some of the best BBQ and Tex-Mex cuisine in the world. Austin's motto is "Keep Austin Weird," and they have succeeded - in a good way! With its eclectic arts scene and range of musical talent, the city's culture fits right in with plastic surgery - beautiful, creative and innovative.

We think you're going to love this location as much as our scientific program. As always, PSTM will bring you the best of the best in plastic surgery - we'll feature deep dives into every subspecialty of plastic surgery, as well as insights into new and coming innovations. We'll also welcome surgeons from around the globe to truly provide an international perspective on all that is plastic surgery. This year, we'll also focus on three key themes in our programming:

Entrepreneurship: Plastic surgery is a specialty born of innovation and to continue to thrive, we need mechanisms to propel our ideas and research into both the O.R. and the commercial sector. In addition to our Plastic Surgery Innovation Challenge, which helps fund and foster new startups, the Technology, Innovation, Disruption and Entrepreneurship Committee will be hosting "TIDE Talks" at the meeting. Don't miss them!

Mentorship: None of us would be where we are without the support of those who came before us. There are many, many bright lights in this amazing specialty, and we want to celebrate some of those who have truly provided the strength and inspiration that kept us all focused on the most important goal: finding new and effective ways to help others. We'll be spotlighting key mentors in plastic surgery throughout the meeting.

Wellness: It's no secret that burnout in health care is a growing issue to combat, and ASPS has been developing educational activities for years to assist plastic surgeons. At this year's meeting, we are going to up our game and offer healthier food choices, a step challenge, sunrise yoga, and the annual Breast Reconstruction Awareness 5k (a race that can fire up your endorphins and benefit a good cause.)

Join us for what is shaping up to be an exceptional PSTM23 in Austin as we offer:

- **Four Days of Programming** designed for your entire practice
- **Nearly 200 Live Sessions**, and 1,200 abstracts hosted in up to 13 concurrent session rooms
- **75 AMA PRA Category 1 Credits™** and **25 Patient Safety Credits** between live and on-demand programming that's available for two months after PSTM
- **Hands-On Educational Sessions** with expert faculty, featuring some of the latest products to hit the market
- **Entertaining Social Events and Networking** as part of the meeting—and on Austin's famous 6th Street
- **An Exhibit Hall** filled with products and services to power your practice
- **50 On-Demand** presentations released a week before the in-person meeting

Visit plasticsurgerythemeeting.com to view the program and events - and to register today.

We'll see you in Austin Oct. 26-29!

Key Highlights of PSTM23

1

The State of the Art & the Vision of Tomorrow

PSTM23 is about presenting the state of the industry, as well as potential advances that open new frontiers in medical care. From breast to craniofacial, from face to hand, PSTM offers up to eight concurrent learning sessions and five abstract tracks, with the goal of presenting plastic surgery teaching tailored to learners at every level in every subspecialty. From beginner to expert, PSTM23 offers sessions for seasoned experts, early career surgeons, residents and nurse practitioners, as well as key practice knowledge designed for physician assistants, patient care coordinators, front office personnel, billing specialists, marketing directors and social media coordinators! If you have questions, we have answers. If you have ideas... join us and share!

2

Innovate or Be Washed Away: TIDE Talks

The world is changing. Nothing showed us the impact of unexpected change like the recent pandemic. This year, the Technology, Innovation, Disruption, and Entrepreneurship Committee will host a two-hour session, which will consist of one hour of TED-like talks and a second hour dedicated to the Innovation Challenge, where ASPS members will pitch their product or business ideas to a panel of industry judges for cash prizes to assist them in developing their innovations and bringing new ideas to market.

3

The PSF 75th Celebration + International and ASMS Receptions!

Celebrate with The PSF and ASMS *Under The Neon Moon*! This year, the Plastic Surgery Foundation celebrates its 75th year of fostering research and innovation to better serve patients! Join us and wear your pins, donor ribbons and PSF lanyards proudly as the ASPS Jam Band fills the dance floor with songs your feet can't deny. The PSF has always been involved in plastic surgery across the world; in recognition of this global family, we will also be hosting the International Reception and the ASMS Reception at this premier event. Celebrate innovation; celebrate the fruits of research; celebrate Plastic Surgery with us!

4

Keeping it Healthy

You can't serve your patients or yourself if you're burning out or otherwise unwell. The medical field is rife with stories of destructive burnout; we've put together education to help all members enjoy what is, without a doubt, one of the best medical specialties in which to practice. And we'll be offering healthy choices – from alternative food options to a step challenge to the WPS Sunrise Yoga program, which will be held Friday morning at the Hilton Austin.

5

Weirdly Exciting

The "Keep Austin Weird" theme embraced throughout the city makes for a local culture filled with attention to the arts. From the outdoor UMLAUF Sculpture Garden + Museum next to Zilker Park to the Blanton Museum of Art to the Mexic-Arte Museum, you can find a host of interesting things beyond amazing BBQ in the city. And if you're a music fan, you will want to visit some of the world-famous venues, from Antone's (just steps from the Convention Center) to the backyard stage of Stubb's Bar-B-Q to the classic Continental Club, a retro relic originally opened in 1957.

6

PSTM Powers Your Practice

With the largest exhibit hall in the specialty, PSTM23 truly powers your practice. No other hall offers as many cutting-edge vendors pushing the envelope to provide improved instrumentation and new devices, as well as marketing and business support to help make your practice thrive. This year in recognition of our meeting city, we will feature live music in the hall every day as well as "Experience Austin," a showcase of local businesses where you can buy everything from hats to boots to jewelry! Relax in the WPS or Scientific Poster Lounges. We'll also host a booth for surgeons to take a new photo headshot, courtesy of CareCredit. Visit the Innovation Theater, take advantage of show specials, witness new product launches and talk with company leaders about new and upcoming surgical tech!

7

Register Now for the Close The Loop 5K

Start your team now and get ready for the Austin edition of the Close The Loop 5K on Oct. 28. Participants can be on-site for the run or virtual runners. That means you can create a team made up of your practice staff, your residents, your regional society, or your extended family. The event is also open to the public, and all proceeds support the Breast Reconstruction Awareness campaign.

8

Make Sure To Connect

PSTM23 will have dozens of receptions and social events to help friends and colleagues reconnect. Attend both Opening Ceremonies on Friday and Closing Ceremonies on Sunday to celebrate all that is Plastic Surgery together. The annual Patients of Courage Awards will once again highlight our Opening Ceremonies. Immediately afterward, join us at the Welcome Reception at the Austin Grand Ballroom at the Hilton Austin, for a true taste of Austin. And after all of the education and receptions are over, join us Sunday for Closing Ceremonies, which will feature both recognition of PSTM23 achievements and a celebration of the year to come.

9

In Person and On Demand

PSTM23 will not be live streamed. However, select sessions will be recorded and made available post-meeting as On-Demand content. More than 70 hours of recorded programming will be available until Dec. 31. Attendees of the live meeting automatically have access to the On-Demand content.

PrevenaTM
Incision Therapy

PRM | Proactive Risk Management (PRM)
with 3MTM PrevenaTM Therapy

Help advance the standard of care.

In a prospective, single-center, randomized controlled trial with patients undergoing breast reconstruction, 3MTM PrevenaTM Therapy aided in a:

47%
reduction
in SSCs*¹

90-day post-operatively
8.5% (28/331) Prevena Therapy vs.
15.9% (53/334) SOC (p=0.0092)*

53%
reduction
in SSIs*¹

90-day post-operatively
2.1% (7/331) Prevena Therapy vs.
4.5% (15/334) SOC (p=0.0225)*

68%
reduction
in seroma*¹

90-day post-operatively
1.8% (6/331) Prevena Therapy vs.
5.7% (19/334) SOC (p=0.0106)*

Proactive Risk Management (PRM) with Prevena Therapy provides an evidence-based, standardized approach for closed incision negative pressure therapy (ciNPT) to help protect your high-risk patients.

*Calculation(s) are derived based on relative patient group incidence rate reported in this study. Statistically significant (p≤0.05)

8:00 - 11:00 p.m. | The PSF 75th Anniversary Celebration, ASMS and International Reception
Various Alumni Receptions

Sunday

8:00 a.m. - 5:00 p.m. | PSTM Educational Programming

9:30 a.m. - 2:00 p.m. | Exhibit Hall Open

9:30 - 10:30 a.m. | Residents Bowl Semi-Finals & Finals

2:00 - 2:30 p.m. | Maliniac Lecture

2:30 - 3:00 p.m. | ASMS Kazanjian Lecture

5:00 - 5:45 p.m. | Closing Ceremonies

All times are in local Austin time (CDT), unless otherwise noted.

ASPS / MSS Migraine Surgery Symposium (Virtual)

ASPS / TRS Rhinoplasty Symposium

AMERICAN SOCIETY OF PLASTIC SURGEONS®

Saturday, Oct. 14
8:30 a.m. - 4:30 p.m. (CDT)

PROGRAM CHAIRS:
Bahman Guyuron, MD, and Jeffrey Janis, MD

Migraine surgery continues to be one of the hottest topics in plastic surgery. The American Society of Plastic Surgeons and The Migraine Surgery Society are excited to offer a one-day Migraine Surgery Symposium that will dive into the science, anatomy and surgical treatment of the trigger sites.

This virtual program will include didactic presentations from noted experts and lively panel discussions that make this educational experience second to none.

Learning Objectives

Upon completion of this activity, participants should be able to:

- Identify migraine headaches and related medication overdoses.
- Identify anatomy of supraorbital, supratrochlear, zygomaticotemporal and auriculotemporal nerve trigger sites.
- Plan and demonstrate the surgical treatment of the trigger sites (including frontal and temporal, rhinogenic, auriculotemporal, and greater and lesser occipital).

This activity is accredited for a maximum of **7.25 AMA PRA Category 1 Credits™**. Please see page 24 for full accreditation information.

Registration Fees

PSTM registration is required to register and participate in The Migraine Surgery Symposium. An additional registration fee is required for The Migraine Surgery Symposium. Registration fees vary by member type.

The MSS symposium will be recorded this year. The program is subject to change. A recording of the course will be available to registrants.

AMERICAN SOCIETY OF PLASTIC SURGEONS®

Thursday, Oct. 26
8:00 a.m. - 12:30 p.m.

PROGRAM CHAIRS:
Robert Gilman, MD, DMD, and Ashkan Ghavami, MD

Join us LIVE in Austin for this year's Rhinoplasty Symposium! Take a deep dive into one of the cornerstones of plastic surgery as ASPS teams up with The Rhinoplasty Society to offer this amazing half-day program.

This year's symposium brings together experts in the field to discuss a hybrid approach to rhinoplasty utilizing precision and preservation techniques with an emphasis on optimizing patient outcome results. Learn how to manage and prevent complications and walk away with key rhinoplasty pearls and pitfalls to avoid.

Learning Objectives

Upon completion of this activity, participants should be able to:

- Plan and demonstrate a hybrid approach to rhinoplasty.
- Identify complication prevention and management for optimal patient outcomes.

This activity is accredited for a maximum of **4.5 AMA PRA Category 1 Credits™**. Please see page 24 for full accreditation information.

Registration Fees

PSTM registration is required to register and participate in the Rhinoplasty Symposium. An additional registration fee is required for the Rhinoplasty Symposium. Registration fees vary by member type. A boxed lunch is provided for those attending this live event.

This symposium will not be recorded. The program is subject to change.

HOT TOPICS

Thursday, Oct. 26
7:30 a.m. - 1:30 p.m.

PROGRAM CHAIRS: Karol Gutowski, MD, and Jason Pozner, MD

Hot Topics returns LIVE to Austin! Get out in front of the changes taking place in our industry by becoming a part of the discussions surrounding the latest cutting-edge research and applied technology.

Join us from 7:30 a.m. - 1:30 p.m., Thursday, Oct. 26, at the Austin Convention Center prior to the formal start of PSTM23 programming, as the experts in our field discuss their findings and experiences, including:

- Imaging
- Practice Transitions
- Regenerative Medicine
- Fat Treatment
- Devices
- Fillers/Toxins

Learning Objectives

Upon completion of this activity, participants should be able to:

- Identify emerging advances in plastic surgery affecting the diagnosis and delivery of treatment and assess potential applications.
- Translate expanded knowledge into practice for the improvement of patient outcomes and satisfaction.

Registration Fees

PSTM registration is required to register and participate in Hot Topics. An additional registration fee is required for Hot Topics. Registration fees vary by member type.

A boxed lunch will be provided for those attending the live Hot Topics session.

Hot Topics 2023 is committed to providing a meaningful educational experience in collaboration with industry partners.

Hot Topics 2023 is not eligible for CME.

The members of our Guest Nations and all of our international plastic surgeon attendees will have access to the ASPS International Center as their hub meeting and information point. The Center will be in Hall 5 of the Austin Convention Center, near Registration, from Friday - Saturday (8:30 a.m. - 5 p.m.) and Sunday (8:30 a.m. - 2 p.m.).

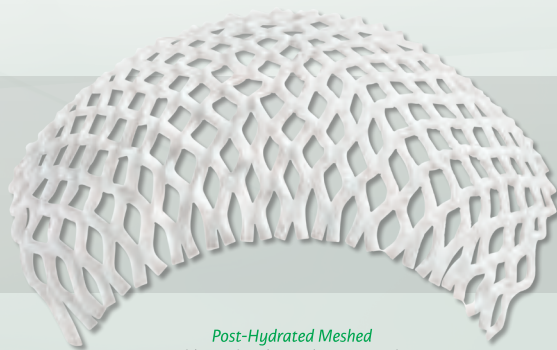

SurgiMend® PRS Meshed

Collagen Matrix for Soft Tissue Reconstruction

SurgiMend PRS Meshed is a 2:1 expandable acellular collagen matrix for plastic and reconstructive surgery, derived from fetal bovine dermis, rich in Type III collagen.¹ The meshed matrix allows for vascular ingrowth and increased conformability.²⁻⁵

 SurgiMend PRS Meshed provides up to **400 cm² of coverage** when hydrated and fully expanded.[^]

Post-Hydrated Meshed
This product image is not to scale.

Order Information

| Reference | Description | Thickness* |
|-------------|--|------------|
| 606-007-001 | 20 cm x 10 cm Meshed Expands to ~18 cm x 22 cm[^] | 1 mm |

* Nominal.

[^] When hydrated and fully expanded, refer to package insert for expansion instruction. (Data on file, Integra LifeSciences.)
Note: SurgiMend PRS Meshed is specified to hydrate in ≤ 3 minutes; typically, it hydrates in ~60 seconds.

Austin 

THE GREATEST HITS OF

Austin

Austin has long had a reputation as a vibrant city known for live music, outstanding food, great weather and all-around offbeat weirdness. You will find a wealth of experiences just a short distance from the Austin Convention Center. Most of the following venues are less than a 15-minute walk from the heart of PSTM.

Stubbs BBQ

BBQ

Austin is a food-lover's paradise and BBQ is one of its highlights. If you rent a car, don't miss the chance to head to County Line on the Hill. But you can easily walk to any of these BBQ hotspots from from the Convention Center for an authentic, tangy taste:

- Iron Works BBQ
- Stubb's Bar-B-Q
- Franklin Barbeque (Seen in *Chef*)
- Rollin Smoke
- Cooper's Old Time Pit Bar-B-Que
- Lamberts
- Stiles Switch BBQ (seen in *Dazed and Confused*)

Live Music Capital of the World

Get a taste of Austin's live music scene, where more than 250 venues have live music on any given night. The largest concentration of venues is downtown in the Warehouse District, Rainey Street, and Sixth Street, a six-block stretch of bars and restaurants. From legendary blues venue **Antone's Night Club** to the honky tonk sounds at **Broken Spoke**, from the carnival-themed **Carousel Lounge** to jazz at the **Elephant Room** or rockabilly at the historic **Continental Club**, there are dozens of venues showcasing every style of music.

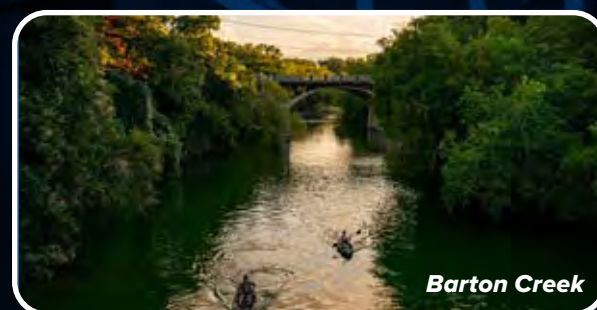

The Continental Club

Antone's Nightclub

Iron Works Barbecue

Barton Creek

Breweries & Beer Gardens

After a long day at the meeting, you might want to visit one of these for a frosty pint:

- Banger's Sausage House and Beer Garden
- Zilker Brewing
- Lazarus Brewing Co.
- Central Machine Works Brewing
- The Austin Beer Garden Brewing Co.

BONUS: If you're a vodka fan, *Tito's Homemade Vodka* is an Austin original, and they have a retail store downtown called *Love, Tito's*.

Zilker Botanical Garden

Parks & Gardens

Austin is in the "Hill Country" rather than the arid plains of Texas and thus offers a host of beautiful parks and outdoor excursions if you need to "get away" for a while.

- Zilker Park (358 acres!)
- Waterloo Greenway Conservancy
- Ladybird Lake
- Barton Creek Greenbelt
- Zilker Botanical Gardens

And don't miss the chance to see the bats fly at sunset; they will be at the Congress Avenue Bridge getting ready for their Winter migration.

Bob Bullock Museum

Arts & Culture

There is plenty of history in Austin, including the state's capitol building. Here are a few nearby museums of art and culture:

- Mexic-Arte Museum
- Blanton Museum of Art
- LBJ Presidential Library
- Bullock Texas State History Museum
- Harry Ransom Center, University of Texas campus

Texas State Capitol

Congress Bridge

Race to Raise Awareness!

SATURDAY | 7:00 AM | Oct. 28, 2023
Brush Square Park, Austin, TX

Close The Loop 5K Registration is Open!

Profits generated by the Close The Loop 5K will be awarded to organizations focused on awareness and assistance efforts of women fighting breast cancer or pursuing breast reconstruction surgery.

We believe every woman should have access to her choice of breast reconstruction options.
 Get your running shoes ready and help us make a difference in patient care.

Register Early To Receive Discounted Rates!

Every participant will receive a race packet that will include a t-shirt and a participation medal.

Exhibit Hall

Over 30 new exhibitors already confirmed - and growing!

This year we look to bring some of the world's most innovative and essential plastic surgery-related exhibitors to showcase their products and services and to bring your practice to the next level. We have designed an incredible exhibit experience that will allow you to find everything you are looking for in one place.

Visit PlasticSurgeryTheMeeting.com/Exhibit-Hall and search by: Company Name, Product Category, Booth Number or Keyword/Product Name. Don't see a vendor you are looking for? Let us know by emailing exhibits@plasticsurgery.org.

Exhibit Hall

Hours:

Friday, Oct. 27 9:30 a.m. - 5:00 p.m.
 Saturday, Oct. 28 9:30 a.m. - 5:00 p.m.
 Sunday, Oct. 29 9:30 a.m. - 2:00 p.m.

Don't miss these key ASPS attractions when you visit the hall:

ASPS Resource Center

Visit ASPS representatives from Member Services, Membership, Practice Management Products, ASPS Affiliated Organizations, PRS, PSN, Registries, Quality, Health Policy and more at the ASPS Resource Center. Stop by and take advantage of onsite promotions and get answers to your questions on Membership, CME reporting and all things ASPS.

Residents Bowl Arena

Don't miss the highly competitive Residents Bowl taking place Friday - Sunday in the Exhibit Hall. Will reigning champs Ohio State University triumph again? Stop by the arena each day to see who will bring home the coveted trophy this year!

ASPS EDNET Digital Learning Pavilion

NEW THIS YEAR! Podcasts, Quick Hits and SNIPS, oh my! Stop by to see what ASPS Digital Education has to offer including exciting new products created in response to member feedback and PSTM on-demand sessions available for CME (included in your registration)!

Innovation Theatre

Premier supporters and exhibitors will be presenting 45-minute talks all weekend about their products and services. Learn how their innovations can enhance your practice.

INNOVATION THEATRE SCHEDULE OF SATELLITE SYMPOSIUM:

Plastic Surgery Innovations: Forging the Future of the Specialty at PSTM!

The **Plastic Surgery Innovations Challenge** returns to PSTM this year with a \$10,000 prize!

Join us on Saturday, Oct. 28, 2023, as contestants pitch their plastic surgery product innovation ideas LIVE to a panel of business expert judges. The goal is to find and support new viable plastic surgery product/business ventures that will improve the practice of plastic surgery.

This session – along with our new TIDE Talks from the ASPS Technology, Innovation, Disruption and Entrepreneurship (TIDE) Committee – will give you a glimpse of some of the most interesting new ideas on the horizon for your OR.

WANT TO MOVE FROM THE AUDIENCE TO THE STAGE?

If you have an innovative idea, product or service that could impact the future of plastic surgery, apply by June 30, 2023, to be one of the Plastic Surgery Innovations contestants battling to kick-start their pitch into reality! You must be the developer of the product/innovation or a key member of the development team and you must be able to present at PSTM23 in Austin, TX. Submit your application today for an opportunity to compete:

PlasticSurgeryTheMeeting.com/Innovations

Application submissions will be evaluated by members of the TIDE Committee. The top-scoring applicants will be invited to participate in the live Plastic Surgery Innovation Challenge presentation at PSTM23. The final round winner will be awarded \$10,000 to continue developing their innovation.

TIMELINE

- ▶ Call for Initial Applications Closes: **June 30, 2023**
- ▶ Full Application Due: **July 21, 2023**
- ▶ Determination of Finalists: **Sept. 13, 2023**
- ▶ Plastic Surgery Innovation Challenge: **Oct. 28, 2023** at 6 p.m. CT

Hotel and Travel

Plastic Surgery The Meeting is pleased to offer meeting attendees discounted hotel and transportation rates for travel to and from Austin. We encourage you to take advantage of the discounts offered and make reservations early, as availability is on a first-come, first-served basis.

Official Housing Partner

EventSphere is the housing bureau for Plastic Surgery The Meeting 2023.

Be aware of hotel booking scams!

Meeting attendees and exhibitors are often contacted by companies claiming they represent ASPS and offering assistance with hotel reservations for Plastic Surgery The Meeting in Austin. Hotel reservations should only be made directly with EventSphere. To ensure your private information is secured and protected, do not provide your credit card information to anyone other than EventSphere for PSTM23. Look for the official logo prior to making reservations.

Headquarters Hotel

Hilton Austin, located at 500 East 4th Street, is the headquarters (HQ) hotel for Plastic Surgery The Meeting.

Deposit

Neither ASPS nor EventSphere require a deposit. However, hotels may charge your credit card a two-night room and tax deposit in advance to secure discounted rates and reservation.

Confirmation

Confirmations are sent via email at the time of reservation; please review for accuracy once received. If the confirmation email is not received within 24 hours of making your reservation, please contact EventSphere.

Changes/Cancellations/Requests

All changes and cancellations must be made directly with EventSphere and up to seven (7) business days prior to scheduled arrival. An acknowledgment of your request will be emailed within 24 business hours of receipt. You will be asked to provide room preferences when making your reservation. Hotels will assign specific room types upon check-in, based on availability.

Air Travel

Austin-Bergstrom International Airport (AUS), voted “Best Domestic Airport Worldwide,” is located just 7.5 miles from Austin Convention Center (ACC) and downtown Austin. It offers non-stop flights to most major U.S. cities and around the world.

United Airlines offers a discount on qualifying flights: Use Meeting Code: ZM8M900921 or call (800) 426-1122.

Ground Transportation

Hotel Shuttle Bus

ASPS is providing complimentary hotel shuttle bus service to and from the Austin Convention Center.

Taxi Service/Ride Share

Taxi services are available at the Austin Convention Center.

Download the App to your iPhone, iPod or Android device from the **iTunes App Store** or **Google Play**.

JOIN US SATURDAY NIGHT
"Under The Neon Moon"

Joint party celebrating
The PSF 75th Anniversary,
ASMS, and the
International Reception.

Saturday, Oct. 28, 8-11 p.m.

SKYBOX
ON 6TH

We'll have a bar, appetizers and entertainment by the ASPS Jam Band as we celebrate plastic surgery with a neon-themed reception overlooking scenic views of Austin's own 6th street. From The PSF's diamond anniversary to our annual receptions for ASMS and International attendees, this will be the event of the meeting. With so much to celebrate under one roof, this will be a party to remember!

Tickets are \$125 for PSTM registrants and can be purchased when you register for the meeting.

PSTM Partner Organizations

AMERICAN SOCIETY OF
PLASTIC SURGEONS®

THE PLASTIC SURGERY
FOUNDATION™

The American Society of Plastic Surgeons and The Plastic Surgery Foundation are proud to present The Meeting For Everyone! To bring you the most relevant education across all areas of plastic surgery, we have welcomed educational programming in partnership with:

PSTM Partners

AMERICAN SOCIETY OF
MAXILLOFACIAL SURGEONS

The American Society of Maxillofacial Surgeons is the oldest American organization representing maxillofacial surgeons who are devoted to improving and promoting the highest levels of patient care. Maxillofacial and Craniofacial surgeons specialize in bone and soft tissue reconstruction and enhancement of the face. Visit maxface.org to learn more about ASMS.

The Rhinoplasty Society is a non-profit organization dedicated to the open exchange of innovative ideas and techniques concerning rhinoplastic surgery. The society consists of surgeons throughout the world who specialize in rhinoplasty. The Annual Meeting provides a forum for invited and submitted papers in a peer-reviewed format. The society seeks to provide educational material in a provocative program open to surgical specialists with interest in rhinoplasty.

Intended Audience

Plastic Surgery The Meeting 2023 is intended for plastic surgeons, residents and paramedical professionals interested in translating expanded knowledge into practice for the improvement of patient outcomes in plastic and reconstructive surgery.

Learning Objectives

At the conclusion of this activity, participants will be able to:

- Identify current and emerging issues and advances affecting the diagnosis and delivery of treatment for plastic surgical problems and assess their potential practice applications.
- Incorporate into practice technical knowledge in state-of-the-art procedures and drug and medical device uses.
- Communicate current practice management and regulatory issues necessary for the efficient and safe delivery of patient care.
- Translate expanded knowledge into practice for the improvement of patient outcomes and satisfaction.

Accreditation Statement

The American Society of Plastic Surgeons® (ASPS®) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Designation Statement

The American Society of Plastic Surgeons designates this other activity (live virtual meeting) for a maximum of **75.0 AMA PRA Category 1 Credit(s)™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Of the **75.0** credits, **25** credits have been identified as applicable to patient safety.

Disclosure Policy

The American Society of Plastic Surgeons (ASPS) requires all instructors, planners, reviewers, managers, and other individuals in a position to control or influence the content of an activity to disclose all relevant financial relationships or affiliations. All identified conflicts of interest must be resolved and the educational content thoroughly vetted by ASPS for fair balance, scientific objectivity, and appropriateness of patient care recommendations. ASPS also requires faculty/authors to disclose when off-label/unapproved uses of product are discussed in a CME activity or included in related materials.

Please note: All relevant financial relationships for planners, faculty, and others in control of content (either individually or as a group) are reviewed by the ASPS Continuing Education Committee and have been appropriately mitigated.

Additional Programs

Migraine Surgery Symposium CME Information

Accreditation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of American Society of Plastic Surgeons (ASPS) and the Migraine Surgery Society (MSS). The American Society of Plastic Surgeons (ASPS) is accredited by the ACCME to provide continuing medical education for physicians.

Designation

The American Society of Plastic Surgeons (ASPS) designates this live activity for a maximum of **7.25 AMA PRA Category 1 Credit(s)™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Of the **7.25** credits, **2.0** credits have been identified as applicable to patient safety.

Rhinoplasty Symposium CME Information

Accreditation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of American Society of Plastic Surgeons (ASPS) and The Rhinoplasty Society (TRS). The American Society of Plastic Surgeons (ASPS) is accredited by the ACCME to provide continuing medical education for physicians.

Designation

The American Society of Plastic Surgeons (ASPS) designates this live activity for a maximum of **4.5 AMA PRA Category 1 Credit(s)™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Of the **4.5** credits, **1.25** credits have been identified as applicable to patient safety.

Physician, Physician Assistant, Nurse Practitioners – CME Credit Information

The American Society of Plastic Surgeons (ASPS) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education credit for all educational programs.

In 2018, ASPS received accreditation with commendation from ACCME, a designation awarded to organizations that demonstrate compliance in all criteria and accreditation policies. ACCME commended the Society for meeting all accreditation requirements, and for demonstrating that it is a learning organization and a change agent for physicians and the patients it serves. In addition, the Society demonstrates an engagement with its environment in support of physician learning and change that is a part of a system for quality improvement.

Please note: ASPS is not responsible for providing recertification credentialing to the below certification(s). It shall be the responsibility of the individual to provide information to the appropriate corresponding recertification organization(s) for conversion of continuing medical education credit(s). All questions should be directed to the corresponding organization(s) as indicated below for the most current information on recertification.

PHYSICIAN CME

AMA PRA Category 1 Credit(s)™

The American Society of Plastic Surgeons (ASPS) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education credit for all educational programs.

The company develops, manufactures, and markets innovative, science-based products for surgical and non-surgical medical procedures that allow breast surgery patients to improve their quality of life. The company is focused on two strategic areas: breast reconstruction and breast augmentation.

3M focuses on providing better care through patient-centered science. We surround the OR with clinically proven solutions that help protect and prevent throughout the surgical journey to transform patient outcomes. 3M continues to expand its surgical portfolio with wound and post-operative care to promote risk reduction, healing and recovery.

Premier Industry Supporters

GOLD

A world leader in medical devices, Integra is dedicated to limiting uncertainty for surgeons, so they can concentrate on providing the best patient care. Integra offers innovative solutions in neurosurgery, and reconstructive and general surgery.

Motiva® products are manufactured by Establishment Labs, a global medical technology company dedicated to improving women's health and wellness. The company's initial focus is breast health, principally breast aesthetics and reconstruction. The Motiva portfolio offers advanced and innovative solutions to breast surgery, designed to deliver improved aesthetic and clinical outcomes.

MTF Biologics is a global nonprofit organization that saves and heals lives by honoring donated gifts, serving patients and advancing science. For over 30 years, we have been dedicated to advancing patient outcomes by focusing on innovative, biologic solutions that support and enhance tissue healing. Today, we offer a comprehensive portfolio of aesthetic medicine solutions for providers and patients worldwide including FlexHD Acellular Dermal Matrix, Renuva Allograft Adipose Matrix, LipoGraft Fat Transfer System, Profile Costal Cartilage and MESO BioMatrix Acellular Peritoneum Matrix.

Pacira BioSciences, Inc. is the industry leader in its commitment to non-opioid pain management and regenerative health solutions to improve patients' journeys along the neural pain pathway. To learn more about Pacira, including the corporate mission to reduce overreliance on opioids, visit www.pacira.com.

Plastic Surgery The Meeting FAQs

If you have never been to a PSTM, or if it's been a while since you attended, you might have some questions about how things work at the meeting. Here are the answers to a few frequently asked questions. Hopefully, these help you get ready for a fun and informative annual meeting!

Where do I get my badge?

You can pick up your badge and add additional special course registrations at the Registration area of the Austin Convention Center. The dates and times are listed on page 31 of this brochure.

What's the best way to make a schedule of all the sessions I want to see?

Use the ASPS App! If you download the app to your phone, you can "favorite" sessions to build your own schedule. You can also look up speaker schedules and get real-time updates on any room or session changes. If you prefer to read on a big screen, you can also peruse all of the meeting sessions at PlasticSurgeryTheMeeting.com. Both the app and the website allow you to search and view sessions by topic area.

What do I wear to Plastic Surgery The Meeting?

Business casual attire is appropriate for the Annual Meeting. For events like Welcome Reception and the PSF 75th Anniversary Celebration and International Reception, people often dress more formally, but it is a mix. Please keep in mind that temperature fluctuation is common, so please dress in layered clothing that can be easily added or removed throughout the convention center or hotels.

What is the significance of all those ribbons on people's badges?

Ribbons identify an attendee's role at the Annual Meeting or their contribution to the Plastic Surgery Foundation (PSF) or the Political Action Committee (PAC). They also give special recognition to our leadership and honorary members.

Should I go to the Opening Ceremonies, Welcome Reception or The PSF 75th Anniversary Celebration?

Yes. These and so many other free receptions and social opportunities truly make the meeting experience. Don't think you'll know anyone? This is your chance to make connections! You'll have the opportunity to talk with leaders in plastic surgery, international surgeons who may have never been to the United States before and colleagues practicing in all different situations around the country. These events are the perfect place to celebrate, connect, and reconnect with plastic surgery.

Will PSTM23 be streamed?

No. This year, PSTM23 is not being live streamed—however, there will be On-Demand Access. Over 70 hours of on-demand programming will be made available between Oct. 21 - Dec. 31. Select live sessions will be recorded and added post-meeting as on-demand content.

How do I find out what other surgeons are saying about the meeting?

Follow (and use) our #PSTM and #PSTM23 hashtags on social media! Surgeons post comments and pictures about the meeting all weekend long and if you follow the hashtags, you'll know what people are thinking and reacting to in real time.

What happens in the Exhibit Hall?

More than 3,200 attendees, including over 2,000 physicians, will meet and do business with 300 industry innovators, providing the products and services that support the plastic surgery specialty—all under one roof. More information on the Exhibit Hall, including hours and events, is available at PlasticSurgeryTheMeeting.com/Exhibit-Hall

Breast Tissue Expander Portfolio¹

LIKE YOU AND YOUR PATIENTS,
MENTOR® TISSUE EXPANDERS

PERFORM UNDER PRESSURE

THE MENTOR PORTFOLIO HELPS MEET
THE DEMANDS OF RECONSTRUCTIVE
SURGERY—AND HER LIFE

1. Mentor Worldwide LLC. WW Expander Market and Share through Q2 2021.

ARTOURA® Breast Tissue Expanders and CONTOUR PROFILE® Breast Tissue Expanders are used for breast reconstruction after mastectomy, correction of an underdeveloped breast, scar revision, and tissue defect procedures. The expander is intended for temporary subcutaneous or submuscular implantation and is not intended for use beyond six months. ARTOURA® Breast Tissue Expanders and CONTOUR PROFILE® Tissue Expanders contain a magnet within the internal injection domes and are NOT MRI compatible. The device could be moved by the MRI causing pain or displacement, potentially resulting in a revision surgery. DO NOT use the ARTOURA® Breast Tissue Expander and CONTOUR PROFILE® Tissue Expander in patients that have a previously implanted device such as pacemakers, drug infusion devices, artificial sensing devices, etc that could be affected by a magnetic field. Mentor has not tested the effects of radiation therapy with ARTOURA® Breast Tissue Expanders and CONTOUR PROFILE® Expander devices. The incidence of extrusion of the expander has been shown to increase when the expander has been placed in injured areas: scarred, heavily irradiated or burned tissue, crushed bone areas, where severe surgical reduction of the area has previously been performed; and where steroids are used in the surgical pocket. Detailed information about indications, contraindications, warnings, and precautions associated with the use of ARTOURA® Breast Tissue Expanders and CONTOUR PROFILE® Expanders are provided in the Instructions for Use (IFU) available online at www.mentorwwllc.com.

The sale and distribution of this device is restricted to users and/or user facilities that provide information to patients about the risks and benefits of this device in the form and manner specified in the approved labeling provided by Mentor Worldwide LLC.
